Hotelling Is Carried Back to County of Crime To Comply With Legal Technicality.

Governor To Appoint Three Alienists To Decide Whether Deacon-Murderer Is Insane.

Flint, Mich., January 17.—(United News.)—Adolph Hotelling was brought back to Michigan reformatory tonight after being arraigned in a speeding automobile on a charge of first degree murder in connection with the slaying and mutilating of 5-year-old Dorothy Schneider.

Hotelling will be held here pending outcome of legal proceedings to determine where he is to be tried and whether he is sane. This afternoon he was taken over to Genesee county, where the Schneider crime was committed, and arraigned before a justice of the peace in the townhouse of an automobile. Although the 49-year-old church deacon waived examination, as advised by his attorney, he did not enter a formal plea. Earlier Governor Fred Green, of Michigan, who had taken personal charge of the case, announced that Hotelling had pleaded guilty.

Disabled War Vet Held as Fire Bug In Capital Blazes

Psychopathic Patient Arrested Following Evidence That Pyromaniac Caused Fires.

DAMAGE PLACED HIGH AS \$1,000,000

26 Alarms Sounded and 30 Persons Injured—Ten Towns Send Fire Apparatus.

Washington, January 17.—(United News.)—A disabled war veteran, who liked to follow shrieking fire trucks, is being held by police as a suspect in an all-night series of fires, which terrorized the capital, injured 30 persons, caused severe damage, brought fire-fighting apparatus from Baltimore and ten nearby towns and needed 1,000 firemen to subdue them.

Twenty-six alarms were sounded and firemen had to battle nine major fires. Police collected evidence, which they said was conclusive that at least three of the most serious fires were caused by a pyromaniac, and John Joseph Fisher, 32, a psychopathic patient at Walter Reed hospital, was arrested as a suspect. He admitted being at several of the fires but declared he was "just a spectator."

Fires started near midnight. The conflagrations started shortly before 11 o'clock last night. A three-alarm call brought most of Washington's downtown apparatus to a Woolworth store.

Less than two hours later, while firemen were still fighting the Woolworth store fire, a blaze started in a produce store a block away. Three alarms were turned in on this fire. An hour later a four-alarm call was sounded when a warehouse in the northeast section of the city was reported afire.

By this time Fire Chief Watson realized that the conflagrations were beyond the control of the capital fire fighting force. An appeal was telephoned to Baltimore and nearby Virginia and Maryland towns. Ten minutes later 10 fire trucks were speeding from Baltimore and made the 40-mile run to Washington in 30 minutes.

Other towns send apparatus. Ten nearby towns sent additional fire apparatus screaming on their way to Washington.

At 3:37 a. m. four alarms were sounded when a fire started in another northeast warehouse. At 5:11 a. m. four alarms brought outside fire apparatus and weary capital firemen to a blaze which destroyed a wood-working plant in the northwest section of the city.

Until 11:30 a. m. fire trucks were roaring through the capital streets in response to five other alarms, one of which as sounded from the Hungarian legation.

All but two of the injured were firemen, suffering from minor burns and overcome by smoke and gas fumes. Ambulances were busy transporting injured firemen to hospitals. First aid stations were established at the scenes of two of the major fires and many were treated for minor injuries.

Damage resulting from the fires was estimated at \$1,000,000.

PAN-AMERICAN LEADERS VOTE OPEN SESSIONS

Argentine and America Pave Way for Admitting Public to Practically All Meetings.

"OPEN COVENANTS" IS CONFERENCE AIM

Solution of Thorny Problem Hailed by Delegates as Happy Omen for Convention Success.

Havana, January 17.—(AP)—The Argentine and American delegations took the lead today in disposing of the first informal meeting of delegates before the first plenary session tomorrow of the sixth Pan-American congress, one of the admittedly thorniest problems confronting the conference.

Proposed by the Argentines and seconded by Charles Evans Hughes for the United States, an oral motion was approved today to make "open covenants" the keynote of the sixth Pan-American congress by establishing a rule of public committee meetings and plenary sessions. The open committee motion was finally adopted on the understanding that executive sessions could be held in exceptional cases upon the request of committee members.

There was no change contemplated, it was said, in the rule prohibiting the discussion in plenary sessions of subjects not on the conference's agenda except by a two-thirds vote.

Delegates Exchange Views. Today's meeting was held for an exchange of views between chiefs of missions here, to agree upon procedure in conference and to lay a basis for concerted action regarding organization of the parley. Today's decisions must be confirmed by tomorrow's plenary session.

Losing no time in starting work after the festivities of President Coolidge's visit to Havana, chiefs of delegations found themselves in practically unanimous agreement regarding the beginning of the conference, activities and the general policies to be followed in the conference as a whole.

The happy solution of the problem of public or executive committee sessions was hailed by all delegates as symptomatic of ease with which apparently difficult problems could be disposed of. Good will were present and the accomplishment introduced a note of optimism into all forecasts as to the congress.

It was pointed out that this was the first instance of complete publicity in a conference of this nature and it was recalled that this very subject "ave grounds for much vicious debate in the 1923 Santiago, Chile, conference, with subsequent criticism of the results obtained.

Argentine Envoy Takes Lead. Honorable Pueyrredon, Argentine ambassador to Washington, took the initiative in bringing up the matter of open committee meetings for immediate discussion and determination.

After the meeting he expressed great appreciation that Mr. Hughes, in the name of the United States delegations, had immediately seconded his motion, thereby adding the prestige of American approval and securing beyond doubt a majority for his motion.

Abassador Pueyrredon appealed to other delegates in favor of his motion by declaring that he objected on principle to "private discussion of public affairs," adding that, since questions discussed in the conference will be of world-wide importance, the intervention of public and press ought to be welcomed instead of repulsed.

George Defends South in Debate Before Senate

GEORGE DEFENDS SOUTH IN DEBATE BEFORE SENATE

Georgia Senator Resents Slur on South Flung in Debate on Smith Seating.

Washington, January 17.—(AP)—Setting itself to the task of finally barring its doors against Senator-elect Frank L. Smith, republican of Illinois, the senate today engaged in hours of acrimonious debate and heard a southerner raise his voice in defense of the south against the frequent charge of the disfranchisement of the negro.

A brief report from the special session committee, embodying a resolution denouncing Smith's credentials as tainted with "fraud and corruption" and declaring his seat vacant, furnished the tinder for the verbal sparks that flew so thick and so long that a final vote on the resolution went over until tomorrow.

While few new things were contributed to the discussion, there was present in even greater measure the bitterness that has marked consideration of the case since the senate committee uncovered contributions to Smith's 1926 primary campaign from Illinois public utilities officials.

Even more an implied warning to senators from the south that if they voted for the resolution to declare Smith's seat vacant, they would be put in jeopardy because of the general disfranchisement of the negro was hurled across the chamber, this time by Senator-elect William S. Vare, republican of Pennsylvania, which is to be considered later, addressed his remarks to his distant cousin, Reed, of Missouri, chairman of the special committee which investigated the campaign of both Smith and Vare.

The Missouriian said he was not to be led away from the main issue by a reply, but that George, of Georgia, arose in his place before a full attendance of senators and well filled galleries to hurl back what he said was the south's answer to the efforts of eastern senators to "sear" its representatives into "voting for a wrong."

George's answer. "There was neither 'common sense' nor 'common honesty' in the argument of the Pennsylvania and other senators on the negroes' behalf. They have invited any person at interest to test its election laws in every court."

There is no such thing as violating the constitution when any state state within the constitution to protect its rights," he Georgia senator declared, "and I shall do everything possible to oblige this again while I am in my present position."

"We shall go through the budget and cut out the money we need to pay the salaries by effecting every possible saving. When that is done, we shall set about making a budget in compliance with the amount of money we shall have to operate on this year, I again wish to express my appreciation to members of city council for the fine spirit of cooperation they have shown in helping the board to do everything possible to solve our financial problems and for setting up the definite amount to be used by the board this year."

SENATE BODY Shelves Tax Cut for U. S.

Washington, January 17.—(AP)—The \$200,000,000 tax reduction bill passed before Christmas by the house was laid on a shelf in the senate finance committee room today until after March 15, but democrats announced their intention to ask the senate to bring it out at an earlier date.

An effort by Senator Simmons, of North Carolina, ranking democrat on the committee, to obtain immediate consideration of the bill today by the republican majority on a strict party vote, 11 to 9.

Exile in Siberian Wastes Fails to Subdue Trotzky

Ousted 'Red' Chief Retains Satirical Optimism

Berlin, January 17.—(United News.)—Leon Trotzky departed for his place of exile in bleak Siberia Monday a defeated man, but not a broken one.

Just before departing he gave out an interview—one of his few statements to a newspaperman in years—in which he prophesied that the revolutionary tide which has ebbed since 1923 would rise again and flood Europe.

Referring to Lloyd George's prophecy that Trotzky had a Napoleonic future—and at this moment it appears that the British war-time premier was right—for Trotzky, having fallen from Napoleon power, is on his way to exile, Trotzky said:

"A queer idea. This is not the first time that Lloyd George has erred." The man whose name, until a few years ago, was mentioned in the same breath with that of Lenin, the soviet idol, retained a certain satirical optimism.

He said he saw an extensive shift to the left in the coming general elections in Europe. This would strengthen the socialists, Trotzky explained, but the socialists would be unable to stem the tide of the left, which finally would cause a great overflow to communism—pure communism as differentiated from the practical communism of the soviet union, which Trotzky and scores of other leaders opposed and for which opposition they were banished.

Money for Unpaid Teachers Is Near

Atlanta school teachers for the last half of December looked Monday, when George Powell, president of the Atlanta board of education, called a special meeting of the board for 3 o'clock this afternoon to work out details of a plan to make the funds available at once and to revise the 1928 budget of the board to comply with the revenue which schools will receive.

Approximately \$186,000 will be slashed from the original budget prepared by the board because of the fact that the department will get only \$2,948,000 for operation and maintenance of the system this year, when the tentative draft called for \$3,134,000.

"We are going to try to get the necessary amount to pay the teachers at the meeting this afternoon and supplement the \$52,000 on hand with the approximate \$49,000 needed to make the payment at once," Mr. Powell said. "There is one other thing I want to say. That is there will be no delay in payment of salaries of employees of the school system a single day this year from now on if I can avoid it. Keeping the teachers and other employees in a state of suspense such as has been done in the past is a bad thing for the system, and I shall do everything possible to obviate this again while I am in my present position."

"We shall go through the budget and cut out the money we need to pay the salaries by effecting every possible saving. When that is done, we shall set about making a budget in compliance with the amount of money we shall have to operate on this year, I again wish to express my appreciation to members of city council for the fine spirit of cooperation they have shown in helping the board to do everything possible to solve our financial problems and for setting up the definite amount to be used by the board this year."

COOLIDGE WAGING WAR IN NICARAGUA, SENATOR ASSERTS

Senator Searches Scriptures and Ravishes Classics in His Denunciation of Administration.

Washington, January 17.—(United News.)—American marines, like ancient Roman cohorts, are overrunning Nicaragua while American airplanes are bombing non-combatants, including women and children, in the interests of a group of New York bankers, Senator Burton K. Wheeler, of Montana, charged tonight in a vitriolic speech before the Economic Club of New York.

Serving the purposes of the small banking group, "to all intents and purposes, President Coolidge and Secretary of State Kellogg are waging an undeclared war against the people of the little republic of Nicaragua," Wheeler said. The Montana senator searched the Scriptures and ravished the classics to find examples of ignominy for application to the present state department—marine corps—Nicaraguan situation.

Scoring State Department. "No person of sound judgment," he said, "can review the utterances and activities of our state department and the president in recent dealings with our southern neighbors without coming to the conclusion that moral chaos reigns in the department and moral confusion in the white house."

The serious charges, comparable in vehemence with those with which the Montana blew the lid off of Teapot Dome, appalled even his listeners at the Astor hotel, who had expected an explosion.

"Our state department," Wheeler said, "throwing American honor to the dogs, recognized Adolfo Diaz as president of Nicaragua. To do this it had to violate the spirit and letter of the treaty which it had sponsored and the constitution it had sponsored."

"When it failed to get away with the raw deal it undertook to put over it began rushing warships and machines and bombing planes to the little country."

Women, Children Bombed. "The waters about Nicaragua have been kept churned up with a procession of American battleships. Our airplanes have been used to drop bombs upon non-combatants, women and children. Our boys in the marines have been killed in battle upon foreign soil without war being declared."

"We are told now that both the Continued on Page 2, Column 3.

PREMIERS' PARLEY IS NEAR COLLAPSE

Berlin, January 17.—(P)—Fears that the conference of the premiers of the German states may prove to be a mere series of discussions, without positive steps toward a "unitary state"—combining unified administration and eliminating of certain territorial dividing lines—were freely expressed today by Premier Ulrich, of Hesse.

This view is shared by part of the German press, which regrets the stubborn resistance of the large southern states, Bavaria and Wurttemberg, to giving up any state's rights. The conference opened here yesterday with more than 100 delegates present, but it is considered too unwieldy for the solution of the grave problem of a unitary state involving many territorial complexities and the necessity of abolishing many historical privileges.

State Rights Big Problem.
It is semi-officially pointed out that the conference can only be expected to set forth clearly the necessity of ultimate regulation of the existing divergencies between the old Bismarckian and Weimar constitution, and that a smaller committee must grapple

COOLIDGE SPEEDS BACK TO CAPITAL

MYSTERY EXPLOSION ROCKS RURAL SCHOOL

Ellsworth, Wis., January 17.—(P)—An explosion today seriously injured Clarence Whitaker, a school teacher, and damaged the Cady Creek school house at Springlake, 10 miles east of here.

Sheriff Martin Kistad is investigating in the belief that it was the work of a fanatic. This belief was predicated on a note found beneath the window of the schoolhouse marked "warning."
The explosion occurred as the teacher started a fire in the stove. According to word received by the sheriff, the blast followed almost immediately after the teacher applied a match to the kindling. He was badly cut and burned.
The windows were blown out and the building badly damaged. None of the pupils had arrived at the school.

COOLIDGE SPEEDS BACK TO CAPITAL

Aboard President Coolidge's Special Train En Route to Washington, January 17.—(United News).—A somewhat seasick president of the United States set foot on home soil this afternoon, returning on the cruiser Memphis from Cuba's marvelous reception to him.

Coolidge, tired by the endless round of activity in Havana, was forced to retire during the forenoon on his trip across to Key West. A ground swell at the outset of the journey from Havana disturbed the president and left him a little seasick.

As a result, he abandoned his plans to address the crew of the cruiser Memphis on which he returned, and gave the assignment to Secretary of the Navy Willbur.

Mrs. Coolidge Hears Address.
Mrs. Coolidge, smiling and gracious, accompanied the secretary as he expressed to the crew her appreciation of the ship's courtesies.

Referring incidentally to the S-4 disaster, the secretary commented: "Some of the people ashore do not seem to realize that we are mourning for our brothers whom we have lost."

Sailors stood at attention as Mrs. Coolidge appeared aft, and saluted again as she went forward after the speech. Later she returned to witness catapulting of a seaplane from the deck.

Meantime, Coolidge's rest had given him some relief, and shortly before Key West was reached he appeared for a brief stroll on the weather side.

Makes Tour of Key West.
While he did not feel exactly equal to the occasion, he agreed to keep an appointment to make an automobile tour of Key West. Returning from this trip, he boarded his special train for the return to the capital. The train left at 4 p. m.

Wednesday morning the party will halt at Jacksonville for an hour's tour of the city.

The president was accompanied to the docks this morning just at sunrise by President Machado, of Cuba, while Senora Machado rode with Mrs. Coolidge. Many "radio" were lined up at the party by workmen in the streets, but otherwise there was no demonstration in the city.

Presidential salutes were fired and returned by the Cuban navy as the Memphis prepared to leave under escort of six cruisers. Similar salutes were given at Key West where sailors and marines stood at attention as the Memphis warped in.

WHEELER ATTACKS NICARAGUAN POLICY

Continued From First Page.

Progressives and the reactionaries want the marines there to stamp out banditry. What difference does that make? What right have we to send our boys into a foreign country to stamp out banditry? If we are to use them to stamp out banditry let's send them to Chicago to stamp it out there. If it is to keep the ballot boxes pure why not send them to Pennsylvania?

Turning his attention to President Diaz, Wheeler called him the "ideal man" actually able to anticipate the orders of our state department. He branded Diaz, like Emiliano Chamorro, a professional revolutionist.

Charges Diaz-Bank Plot.
The placing of Diaz in the presidency, the senator continued, was a part of the part of Oliver Twist, in which old Fagin shows little boys through the windows to unlock doors for burglars.

"Diaz is an agile little Nicaraguan who has been thrust through the window of the presidency several times to unlock the house of Nicaragua to certain American bankers and their faithful servant, our state department," said Wheeler.

Reduced to the simplest terms, the Kellogg-Coolidge policy has led to an armed intervention in Nicaragua in behalf of an American-made puppet president foisted upon the people against their known will for the simple reason that he is ready to hand over cost to Nicaragua to serve the New York bankers who are, for some 17 years have been, mercilessly exploiting our state department."

Republican Answers Attack.
Replying to Senator Wheeler, Congressman Frederick M. Davenport, of New York, said the United States was trying to give national sovereignty its chance in Nicaragua.

"The two major parties or factions have invited us to do it," Davenport said. "They have requested us to furnish the environment of peace and reflection in which an elective national decision of the people to go on together may be made; and our marines are after Sandino this minute because we have accepted the task to help Nicaragua along the path of her own national advance, and it is plain that no true election can take place in that little country in a atmosphere of fear and armed strife which Sandino is seeking to create among his own countrymen."

Latin America and the United States should conduct themselves as allies rather than rivals, if for no other reason than their mutual interest in financial and commercial relations. Francis H. Sisson, vice president of the Guaranty Trust company of New York, told the club.

Sisson said the United States has invested more capital in Latin American countries than in any other part of the world.

REBEL TROOPS WITHDRAW FROM SAN ALIBON.
Managua, Nicaragua, January 17.—(P)—Airplane patrols returning from the San Albino region today reported that outposts of the rebel general, Augustino Sandino, had been withdrawn from that region.

Sandino's outposts around San Albino have been heavily bombed for the past three days, said Colonel Louis Mason Gulick, marine corps commander. A marine combat patrol working out of the Quilali district reported today that there was no evidence of rebel activity, and it is believed Sandino's forces have retired to El Chipote, which he made his

BANK STATEMENTS SHOW CHATTOOGA'S STRONG CONDITION
Summerville, Ga., January 17.—(Special).—The year 1927 was a most prosperous one for Chattooga county. Statements for the four banks in the county show the following figures: Total resources, \$1,111,024.86; cash on hand, \$343,051.55; deposits, \$847,013.17; capital, surplus and undivided profits, \$163,987.09.

None of the banks show any borrowed money.

The Chattooga County bank, of Summerville, the largest in the county, held its annual stockholders' meeting recently, re-elected the same officers and directors, declared the regular dividend of 8 per cent, and placed a substantial amount to surplus and undivided profits. The other banks in the county will hold their stockholders' meeting in the near future.

The officers were re-elected as follows: J. E. Askew, chairman of the board; W. E. Johnson, president, and J. E. Askew, vice president and cashier. The board of directors, also re-elected for another year, includes J. W. A. Trimble and W. E. Johnson.

MILITARY COURT SENTENCE IS MADE BASIS OF APPEAL

Korno, Lithuania, January 17.—(United Press).—An appeal was made today for a new trial for John Roman, of Boston, who recently was convicted of killing a Lithuanian officer and sentenced to serve six years in the penitentiary.

Defense counsel based the appeal on the fact that the original trial was before a military court, claiming a civil court should have judged Roman. The counsel said they expected the Lithuanian would be tried late this month or early in February.

MEXICANS SEIZE WAR MUNITIONS ON SHIP

Mexico City, January 17.—(United News).—Approximately 1,000 cartridges and a dozen revolvers aboard the German steamer Schleswig-Holstein, which docked in Tampico, were confiscated today by the authorities because the cargo's destination was not indicated in the ship's manifesto.

ALIEN SMUGGLING RING BROKEN UP BY INQUIRY

Benton, Ill., January 17.—(United News).—Operation of an alien smuggling ring which contracted to bring central Europeans to the United States through Canada to work without compensation for months was revealed by federal immigration inspectors today.

Kveto Terpovich, 42, was arrested at a bakery in Johnson City, Ill. He said he had been approached by a steamship company agent in Europe and urged to come to America. He paid his passage and landed at Halifax, N. S. Then he was taken to Windsor, Ont., and across the international boundary to Detroit.

Terpovich said \$120 for the trip across the Detroit river, and he was brought to the bakery here and told to work. He said he had not been paid for six months and that he was still indebted to the smuggling ring for bringing him into the United States.

BYRD TO ATTEMPT POLE TRIP IN FALL

Chicago, January 17.—(AP)—After doing newspaper interviews for three months, Commander Richard E. Byrd today broke his silence regarding Antarctic expedition plans, announcing he would leave New York on next September 10.

"I've been too busy to discuss details of the trip," remarked the commander, here for a private lecture. In June, 1929, he expects to return with information about the field of ice around the South Pole as large as the United States and Mexico combined, he said.

Plane Flight Over Pole.

That region now is in the throes of an ice age, and data obtained there he expects will shed light on the ice age that obliterated life in the North American continent thousands of years ago.

Fifty-five or sixty men will accompany him but only four will attempt the final 1,000 miles, a trip by airplane over the pole, similar to the one he made across the North Pole region a few years ago.

Many Ask To Make Trip.

"Thousands have asked to be included in the expedition, but few have been selected."

A whaling boat, the "Samson," recently purchased in Norway, will carry the party down the Atlantic coast, through the Panama canal to New Zealand. There final plans will be made and the expedition move to the Ross ice barrier. Once there the party will be 3,000 miles from the nearest habitation.

TWELVE INJURED WHEN CANADIAN TRAIN IS DERAILED

Ethridge, Alta., January 17.—(AP)—More than a dozen passengers were injured, probably none fatally, when a Canadian-Pacific passenger train was derailed today about two miles south of Milk river, near the international boundary.

The only American among the injured was R. Good, of Coeur d'Alene, Idaho, who suffered an injury of the eye.

SEC. WORK DENIES HE WILL MANAGE HOOVER CAMPAIGN

Washington, January 17.—(United News)—Secretary of Interior Work, of Colorado, denied tonight that he would manage the presidential campaign of Secretary of Commerce Hoover.

"I have no intention of resigning from office to manage the Hoover campaign," he said, "and reports to that effect are untrue." He said his sole part in the campaign would be confined to supporting Hoover privately.

3 HELD AS SLAYERS OF 'BANDIT QUEEN'

Chicago, January 17.—(AP)—Three persons were formally charged today with the murder of Betty Lamsiedel, of Detroit, alias Chambers, alias McDonald, who a few days ago found the end of her 10-year-old butterfly path in a mesh of electric light wire and adhesive tape, which strangled her in her luxurious north side hotel apartment.

They are Doris Hemphill, formerly of Estherville, Iowa, alias Marion Kirk; Charles H. Olson, alias Jimmie Kirk, alleged bigamous husband of the girl; and Roy Miller, formerly chauffeur for the butterfly. Olson was identified by Mrs. Mattie Olson as the husband who left her March 5, 1924, the day their baby was born.

Girl Headed Theft Ring.

From a tentative identification of the Lamsiedel girl as the "white diamond" leader of a nation-wide ring of diamond thieves, the police today dropped to an accusation of shoplifting. Their case was struck a hard blow yesterday when it was revealed that recently the girl actually had paid more than \$2,000 for two diamond rings.

Miss Hemphill confessed that she was a shoplifter trained by Betty Lamsiedel. The police still sought Gordon Chambers, youth who recently posed as the husband of Betty.

SUBMARINE COURT VISITS SPOT WHERE DISASTER OCCURRED

Boston, January 17.—(AP)—Weather and sea conditions off Provincetown today, similar to those on December 17, when the coast guard destroyer, Paulding, rammed and sank the submarine S-4, sent the naval court of inquiry investigating the disaster back to the scene in an effort to obtain as graphic a picture as possible of the situation at the time of the collision.

Members of the court, headed by Rear Admiral R. Jackson, made the trip to Provincetown aboard the destroyer Mahan after a half day's session of the inquiry. Those who testified were Thomas Enright, diver who worked on the S-4; Lieutenant Thomas Ferns, commander of the navy tug Wandank; guard ship of the S-4; and Lieutenant Henry Harrier, commanding officer of the salvage ship Falcon.

FAT BOY'S TROUPE OF 'FREAKS' VANISH WITH STOLEN COIN

New York, January 17.—(AP)—A fat boy who stole \$3,180 from his sister with which to organize a carnival freak show, was in a Brooklyn jail after his net walked out on him and took the money along.

Louis Gailhand, who is 17 years old, weighs 235 pounds, was the boy who visioned himself as head of a troupe of freaks. He stole the money from his sister, collected his freaks, and left the money with them while he went to make arrangements. They didn't wait for him to come back.

'Master Farmer' To Be Conferred On 12 Georgians

Athens, Ga., January 17.—(Special.)—Twelve outstanding farmers of Georgia have been called to Athens next week to receive the highest honor yet conferred on men for efficiency in farming. These men are to receive the award, "master farmer," from the Georgia State College of Agriculture in the form of certificates officially conferring the title upon them.

From the Progressive Farmer and Farm Woman they will receive gold medals to be worn as evidence of the honor accorded them. The award will be presented in Athens at the annual convocation of the Georgia State College of Agriculture on Saturday morning, January 28.

These twelve men have been selected by the State College of Agriculture and the Progressive Farmer from a list of 78 nominees, submitted by 78 Georgia counties. In each county a local committee working with the aid of the county agent selected a nominee for the award and prepared a detailed report covering the operation and development of the man's farming activities. By careful study of these records eliminations were made and then J. G. Oliver, of the State College of Agriculture, and W. C. Lassiter, of the Progressive Farmer, visited the 24 men who remained on the list of nominees. From this number twelve were selected to receive the award.

The winners of these awards will be announced early next week. The twenty-first annual Farmers' week and marketing conference at the Georgia State College of Agriculture, January 25-28, these twelve "master farmers" and their wives will be guests of the Progressive Farmer in Athens, and on Saturday, evening they will be honor guests at a dinner to be given at the Atlanta Biltmore hotel, Atlanta.

The significance of this movement lies in the fact that are outstanding farmers who have succeeded in the face of the obstacles that beset farmers have been created. Recognition is given to efficiency in agriculture and attention is focused on the fact that there are outstanding successes in farming as well as in other lines of business and that there is business efficiency in farming as well as in other lines of business.

HUNDREDS HONOR 222D BIRTHDAY OF BENJ. FRANKLIN

Philadelphia, January 17.—(AP)—Hundreds of Philadelphians paused today to honor the two hundred twenty-second anniversary of Benjamin Franklin, statesman, scientist and homely philosopher. The ceremonies were sponsored by the local Richard club, named for the plume under which Franklin gave most of his sage observations to the world.

Services were held in Old Christ church, where Franklin and other leaders of the revolution worshipped, and then there was a pilgrimage to his grave a short distance away where, after brief prayers and tape wreaths were placed on his tomb. One of the floral pieces was from President Coolidge.

OCEAN HOP PLANS VENTURED BY BOARD

Washington, January 17.—(AP)—Holding that there are many fields more important to the development of aeronautics than the exploitation of airplane service across the North Atlantic, the National Aeronautics association today decided to abandon plans for trans-Atlantic test flights.

The decision was made at a meeting of the advisory board of the association which considered the equipment at present available and decided the result to be gained even if successful would not warrant the effort and cost. F. Truitt Davidson, assistant secretary of war; Edward P. Warner, assistant secretary of the navy; and William P. MacCracken, Jr., assistant secretary of commerce, all in charge of the aeronautics branches of their departments, were among the board members who voted against the proposed test flights.

Society Favored Flights.

Others were Charles E. Marvin, chief of the weather bureau; Rear Admiral William A. Moffett, chief of the bureau of aeronautics; Brigadier General James E. Fechet, chief of the army air corps; and Porter Adams, president of the association.

The association thought its board of governors had proposed one or more round trip flights, possibly by different routes, in planes equipped with the latest instruments. An appropriation of \$100,000 was planned to build the tri-motored planes and establish rescue stations at Harbor Grace, the Azores and the south coast of Ireland.

PROTESTANT BODY TO AID ALL CREEDS

(Copyright, 1928, for The Constitution.)

Chicago, January 17.—(United News)—American Protestant churches are working in unity to provide adequate places of worship for every creed, and not to destroy fundamental religious beliefs of various denominations, the Rev. Malcolm Dana, New York city, chairman of the national committee, told the United News today.

Dr. Dana's committee has called a conference in Cleveland next week to discuss the proposal. Twenty-seven Protestant denominations will be represented through affiliation with the home missions council and the federal council of churches of Christ in America.

Seek Places of Worship.

"Our purpose is to provide a place of worship for persons of every creed," Dr. Dana said, "and to spread Christianity. We have taken great steps in this direction and I am optimistic as to the future in spite of opposition we are meeting in certain quarters."

"We have several plans in operation which have added in church efficiency and have reduced the number of impoverished churches which have been closed to the outside world. We have built community churches and appointed a single minister to direct the devotions of the major Protestant churches. If traveling ministers or priests wish to use the church building for services in their faiths, they are welcome."

States Ask Survey.

Home missionary boards of two states, New Hampshire and Oklahoma, have invited the home missions council, an interdenominational organization, to survey their territory and all the lot churches to various major denominations.

"In many sections of the country it is impossible to support all the churches existing," Dr. Dana pointed out.

WOULD INCREASE NAVAL BUILDING PROGRAM FOURTH

Washington, January 17.—(AP)—An increase of 25 per cent in the administration's \$740,000,000 naval ship construction program would be necessary to provide America with an adequate navy, Admiral Charles F. Hughes, chief of naval operations, testified today before the house naval committee.

The admiral defined a reasonable navy as a fleet that had a "fair chance" of doing something, and an adequate navy as one that had a "sure chance" of doing something.

BAPTIST SUNDAY SCHOOL WORKERS OF SOUTH GATHER

Greenville, S. C., January 17.—(AP)—With delegates arriving on every train and more than 2,000 already registered, the second annual Southern Baptist Sunday school convention opened here today.

W. M. Woods, Nashville, presided at the opening meeting which largely was devoted to organization and information for the delegates. More than 3,000 delegates from every southern state were expected to attend before the three days' sessions end.

Conference Delegates Of African Methodists Hold Waycross Meeting

Waycross, Ga., January 17.—(Special.)—The ministerial and lay delegates of Georgia, elected to the general conference of the African Methodist Episcopal church, which convenes in Chicago, Ill., next May, opened a two-day meeting here tonight at Mt. Zion A. M. E. church, 112 E. State street, under the direction of a state-wide program. The first session was featured by a keynote sermon by Rev. M. A. Fountain, B. D., and addressed by Dr. J. A. Hadley, who is the congressional candidate for the bishopric for foreign fields of his denomination.

More than 200 delegates, including alternates, are here to serve Georgia's best interest as it relates to the oneness of purpose of this emphasis meeting. African Methodism is an important religious factor in evangelistic work in Georgia in that it touches and helps to better the life of two-thirds of the negroes in the state, either in training for better service, or through her churches and schools. On this occasion new efforts will be outlined for the carrying out of a more substantial plan in the missionary, educational and evangelistic movement in Georgia. African Methodism for the next quadrennium, and the unanimous endorsement for the return of Bishop Flipper to Georgia at the next general conference. Georgia is slated to support Dr. John Harmon for the editorship of the Southern Christian Recorder of his church.

BECK TAX RECORD IS FOUND MISSING

Washington, January 17.—(AP)—Pursuing its investigation of the election of Representative James M. Beck, republican, Pennsylvania, a house committee was told today that a tax list containing Beck's name had been removed from the office of the Philadelphia city assessor.

This testimony was offered by Maurice Rousch, a clerk in the office. It precipitated a verbal clash between Beck, who is a former solicitor general of the United States, and Representative Kent, democrat, Pennsylvania, who is prosecuting the case which hinges on the contention that Beck was not an inhabitant of Pennsylvania at the time of his election to the house last November.

Beck Questions Lawyer.

Beck denied any connection with the removal of the tax list, and when he asked Kent if he knew anything about it, the Pennsylvania democrat retorted that he "did not know whether it had been stolen but I do know I did not steal any elections."

Kent, in seeking to establish whether Beck had paid taxes in Philadelphia, obtained from Wallace Brownley, chairman of the city's personal tax commission, that the former solicitor general had not paid a personal property tax there in 1926 and 1927.

Charges Beck-Vare Alliance.

Kent emphasized that there was an alliance between Beck and his elect Vare, of Pennsylvania, whose right to a senate seat has been challenged. Kent said that Beck was connected with Beck's payment of his 1927 poll tax.

The tax was paid by Vare's secretary, Harry Snow, Beck testified, and he received his receipt from the secretary. Harry W. Keeley, poll tax receiver in Pennsylvania, declared that he had been paid by Snow.

BRITISH COTTON WORKERS DEMAND WAGE INQUIRY

London, January 17.—(AP)—Prolonged efforts to find a solution of the cotton depression in Lancashire have failed.

The last attempt at solution was a proposal by employers that workmen should accept lower wages and longer hours but the Westminster Gazette says that the delegates of all working unions met employers in conference at Manchester today and emphatically refused to consider the proposal, demanding that the government name an investigating committee.

KENTUCKIANS ASK OHIO RIVER CONTROL AT FLOOD PROBE

Washington, January 17.—(AP)—Congressmen, particularly the Green river, were urged today as a solution of eastern Kentucky's flood problem before the house flood control committee.

Three representatives from that state, together with former Governor V. J. Fields and State Health Officer A. McGovern, described the flood situation in that section. All urged that the federal government assume entire responsibility for the nation's inundations.

MINE RESCUERS FIND TWO MEN DEAD IN BLAST

Jenny Lind, Ark., January 17.—(AP)—Rescue crews who worked throughout the night in mine No. 18 of the lot Western Coal & Mining Co., in which an explosion occurred last night, today reached the two men trapped by the blast and found both dead. The men, Nathan Thomas and Ben Goff, both of South Fort Smith, had been dead several hours, apparently victims of the blast.

The explosion was said to have been caused by a windy shot.

FLORIDA WELCOMES U. S. ARMY CHIEF BY 13-GUN SALUTE

Jacksonville, Fla., January 17.—(AP)—With the din of the 13 gun chief-of-staff salute reverberating along the St. Johns river, Jacksonville and Florida welcomed home a distinguished native son today in the person of General Charles P. Summerall, chief of staff and ranking general officer of the United States army.

This was General Summerall's first official visit home since he became chief of staff. The occasion was marked by a reception tonight at which he was presented with a diamond studded saber, encased in a silver scabbard.

PLANS ARE MADE TO MOBILIZE AIR FLEET IN JULY

San Diego, Cal., January 17.—(AP)—The mightiest naval air fleet ever mobilized under any flag in times of peace will gather at San Diego in July and August to train for battle exercises which will be staged five months later in the Canal Zone, fleet aviation authorities announced today.

Sixteen squadrons of fighting, bombing, torpedo and scouting planes from the battle fleet, plus the great aircraft carriers, Saratoga and Lexington, the carrier Langley and tenders Aroostook and Gannet, and a division of destroyers, are to participate in these extensive aerial exercises here and at Panama.

Huge Road Bonds Proposed For Mississippi

Jackson, Miss., January 17.—(AP)—A bond issue of \$53,000,000 for building roads in Mississippi during the next four years was advocated by Governor Theodore G. Bilbo in his inaugural address here today.

The bond issue, under his proposal, would be liquidated by imposing a tax of five cents per gallon on gasoline, half to remain in the county where sold and the remainder to go into the state treasury.

The address was delivered to members of the state legislature after the oath of office was administered by Chief Justice Sydney Smith of the state supreme court.

The new governor also urged the establishment and operation of a state-owned printing plant for publication of school text books and removal of the University of Mississippi from Oxford to Jackson.

The road building program contemplates construction of nine hundred miles of new highways in addition to 2,000 miles of gravel roads scattered throughout the state. Recommendation was made that the present highway commission of eight elected members be replaced by a commission of three members appointed by the governor.

COAL FIGHT BLAME LAID TO RAIL PLOT

Washington, January 17.—(AP)—Supporting the resolution of Senator Johnson, republican, California, demanding an investigation of conditions in Pennsylvania, West Virginia and Ohio coal fields, the United Mine Workers of America tonight charged in a statement that a conspiracy existed to eliminate union miners.

The statement asserted that operators in the central competitive field had repudiated wage agreements with union organizations and that in carrying out their policy of wage reductions and destruction of the United Mine Workers' the coal companies under domination of big interstate railroads "have resorted to the most brutal methods of warfare." Unskilled labor has been imported to work for lower wages and the organized miners and their families have been evicted from their homes, the statement continued.

Conspiracy Blamed.

"The present chaotic situation in the bituminous coal industry is due solely to the railroad-coal company conspiracy," the statement said, adding that it is necessary to disclose the facts before a remedy can be applied in the public interest.

The Justice resolution, it concluded, will bring out what is wrong with the industry.

TEXTILE HEAD SAYS MILLS MET TRADE DEMAND

New York, January 17.—(AP)—An increasing realization by the cotton mills of the country that it is advantageous to keep their production in line with demand, was termed one of the bright spots of the past year in the textile industry by Spencer Turner, president of the Association of Cotton Textile Merchants of New York, today.

Speaking before the annual meeting of the organization, he said that the association had played a valuable part in this development.

Milk Jingles Now Crowding Mails on Way to Editor

BY ALBERT HARDY, JR.
Jingle Editor.

Jingles or "Milk-for-Health" now entering the mails.

The jingle contest being conducted by The Constitution to follow up the "Milk-for-Health" campaign inaugurated last May and now under way in Fulton, DeKalb and Cobb counties, is on.

Boy and girl readers of The Constitution are eligible to enter the contest. They may send in only one jingle or rhyme on the theme "Milk-for-Health" or "The Value of Milk as a Food."

For the best jingle a \$10 bill will be awarded. To the writer who submits the second best rhyme a \$5 bill will be sent and \$2.50 in cash will go to the lucky boy or girl for the third ranking jingle.

Jingles will be graded by impartial judges on their literary value, bringing out the "Milk-for-Health" idea, originality, neatness and simplicity.

The rhyme should not exceed five lines. Contestants must write on one side of the paper only and be sure to put their full names and addresses on the back of the jingle.

Write out your jingle and send it in today to the jingle editor, Atlanta Constitution.

Here's the first jingle received and it's a good one, too. Can you beat it?

Milk is a tissue builder.
It contains carbohydrate, protein and fat.
With the aid of these three soldiers
Disease is easy to combat.
This little jingle makes a good example as to what the contest is all about. It was written by Miss Frances Elizabeth Hill, of 119 Kings highway, Decatur.

Of course all of the jingles cannot be printed but those deserving special mention will be published. The contest closes at 6 o'clock Monday night, January 22.

Among the jingles submitted Tuesday were several on the back of which there were no name nor address of the sender. Be sure to write only on one side of the paper and

plainly write or print, preferably, your name and address.

Who wrote this one?

"Milk, I found, when only five,
Was food that kept me alive;
Now I'm nine and lead my class,
Milk's the reason why I pass."

One girl mailed us a story which told the story of "The Value of Milk as a Food." It was neatly written, precise and a clever yarn, but what we mean by a jingle is a rhyme. Think up a good one, mail it in to us, and then drink a bottle of milk.

SANITY HEARING FOR SWAIN AND JOHNSON

Governor L. G. Hardman Tuesday announced that he had granted respite of 60 days to Wade Johnson, of Jones county, and James A. Swain, of Bibb county, remanded to execution, because claims had been made that each of the convicted men is of low mentality. Johnson was convicted of a criminal assault on an aged Jones county woman while Swain was convicted of killing Walter Johnson, an automobile mechanic of Macon.

In each case the governor declared that there was no doubt as to the guilt of the condemned, but that he wished to provide time for further investigation into the mentality of the men, and so ordered a respite for each. Johnson's execution was delayed to 60 days, and Swain's for 90 days. The governor refused to commute either sentence to life imprisonment, though this had been recommended by the state prison commission.

Swain's execution had previously been set for Wednesday, and called for electrocution. Johnson was scheduled to be executed Wednesday, the last hanging sentence to be imposed in Georgia.

**CELL MATES CHEER
SWAIN, JOHNSON STAYS.**

Macon, Ga., January 17. (AP)—Following a 40-day stay of execution granted by Governor L. G. Hardman Monday night in order that he might investigate the mental condition of James A. Swain, sentenced to die in the electric chair Wednesday for the murder of J. Walter Johnson, the condemned man was returned today to the Bibb county jail from a death cell at the state farm.

Wade Johnson, to have been hanged in Jones county Friday for a criminal assault upon an 80-year-old woman, who was also given a 40-day stay in order that a sanity hearing might be held, was removed from a death cell in the Bibb jail to his accustomed cell. Both men were given a rousing cheer by the more than 100 prisoners in the jail as they were transferred from the death cells to their accustomed places.

TWO IDENTIFIED AS NEGRO KILLERS AT GAS STATION

Positive identification of two negroes held at police station as the two bandits who Thursday morning shot to death W. H. Cleveland, manager of a filling station at Houston and Boulevard, N. E., in an alleged hold-up attempt, was said by police Tuesday to have been established.

Earl Tuleston, alias Earl Thompson, 21-year-old negro and John Johnson, 19-year-old negro, are being held at police station on technical charges of suspicion after they were said by police to have been identified by men who saw the bandits fleeing.

Tuleston is alleged to have been identified by Wilks Knight, of East Point, who drove into the filling station immediately after the shooting. Johnson is said to have been identified by a negro employee of the station.

BOUNDARY LINE CHANGES URGED BY FULTON JURY

The Fulton county grand jury Tuesday approved proposed changes in the county line, near Jonesboro, which would bring into Fulton county a small parcel of land now in Clayton county.

Should the change be indorsed by two successive grand jury meetings of both counties, the western half of land lot No. 6, the northern half of land lot No. 27 and all of Nos. 7 and 8 in the thirteenth district in Clayton county, would be annexed to Fulton.

The original petition, brought by J. L. Lambert and others, was filed with the ordinary on August 23, 1927.

GOVERNOR REFUSES TO STAY QUINN DEATH

Governor L. G. Hardman Tuesday declined to commute a death sentence imposed in Terrell county on Albert Quinn, who was convicted of killing J. Wash Sutton in May, 1927. Quinn was found guilty and sentenced to electrocution. He appealed his case to the supreme court and that body affirmed the verdict of the trial court. His plea for a commutation was carried directly to the governor without being submitted to the state prison commission.

HICKMAN DEFENSE TO SEE NEW DELAY

Kansas City, Mo., January 17.—(United News.)—Jerome Walsh, youthful attorney for William Edward Hickman, announced tonight that he would ask a continuance when Hickman's trial on charges of murdering Marion Parker, of Los Angeles, was called there January 25.

Walsh made the announcement for Hickman's insanity defense today, and will leave Wednesday morning for the coast city. He said that the continuance would be asked on grounds that he had insufficient time in which to obtain complete defense evidence. A. Gray Gilmer, Oklahoma city attorney defending Welch Hunt, youth implicated with Hickman in another California slaying, will take depositions here Wednesday seeking to prove Hickman's domination over Hunt in their criminal activities.

James P. Costello, assistant district attorney of Los Angeles, who has been in Kansas City and Arkansas representing the state during the taking of depositions for Hickman, will represent the state at the Hunt hearings.

ALIENIST CHALLENGES INSANE CLAIMS.
Los Angeles, January 17.—Claims that William Edward Hickman was insane at the time he kidnapped and murdered Marion Parker were challenged today by Dr. Benjamin Blank, county jail physician, who reported that blood tests had failed to reveal traces of any disease which would have induced an unbalanced mental condition.

Dr. Blank said that Hickman was normal physically and that there were no symptoms of hereditary insanity or dementia praecox. Hickman is to stand trial on January 25 on the kidnapping and murder charges. Although admitting the crimes, he has pleaded not guilty by reason of insanity.

GEORGE DEFENDS SOUTH IN DEBATE

Continued From First Page.

Frank L. Smith, of Illinois, because of the expenditure of \$458,782 in his campaign.

General opinion in Washington tonight is that the resolution will carry and that Illinois will be short one senator. Many constitutional arguments have been made and it is a question as to what will happen if Smith insists on pressing his fight further. For instance, can Smith reclaim his certificate of election, deposited with the senate when he was elected last month, and present it again at the next session of congress? Can the governor of Illinois revoke that certificate? These are the questions which will be debated in opposition and support of the resolution.

Question Senate's Power.
Probably the predominant question on the eve of the vote is whether the senate has a right to go behind the verdict of a state as expressed in a duly executed certificate of election. Constitutional questions are so interwoven in this case that some senators are having difficulty in reconciling them. The desirability of registering disapproval of the expenditure of nearly half a million dollars for a senate seat is veiled by such senators against the wisdom of setting a precedent under which the senate could elect a man whose neckties it didn't like.

"What will be the limitations of the power of the senate to deny a man, by a majority vote, the right to take the oath of office if Smith is denied the oath?" Senator Deussen, Illinois republican, asked in debate today. "Suppose the offense charged were a violation of the Volstead act; suppose it were failing to pay taxes; or suppose the objection were directed to the question of politics, religion, or race, or social status of the senator-elect?"

Reed, of Pennsylvania, declared this might lead to challenging southern senators.

On the other side is the view set forth in the Norris resolution, which is expected to be adopted tomorrow. It recites that there was spent directly or indirectly for Smith's campaign \$458,782; that all except \$171,500 of this was contributed to Smith's manager with the candidate's knowledge; that \$203,000 of this sum was in contributed by officers of Illinois public service corporations, many of whom did not live in the state; and that all the while Smith was chairman of the Illinois commerce commission, the state public utilities regulating body.

Samuel Insull, public utilities magnate, contributed \$125,000 directly to the Smith campaign fund and \$33,000 to an anti-world court campaign, while Smith was making a big issue of his opposition to the world court.

DISABLED WAR VET HELD AS FIRE BUG

was estimated at from \$500,000 to \$1,000,000.

Traces of kerosene were discovered in three of the burned buildings and an oil can was found in the wood-working plant.

Fisher was arrested after he attracted suspicion by appearing at the scene of the fire a few minutes after it was discovered. He was traced by automobile license plates and when taken to custody a heavy pair of snippers such as are used to cut pipe and wire and a fireman's badge from Fallsburg, N. Y., were discovered in his car.

Police said Fisher was covered by pitch, which he declared was blown on him while watching one of the fires. Firemen state that the pitch could not have been blown on him if he had not been in one of the blazing buildings.

Frenchman Who Lived by Hanging Self Is Arrested

Strasbourg, France, January 17.—(United News.)—There are all kinds of jobs, but Heinrich Muller is perhaps the only man in the world who made a living by hanging himself. Muller was arrested today for the eighth time for attempting suicide for profit. His method was to wait in a wooded area until he saw people approaching. Then he would quickly hang himself—without hurting his neck very much—and be rescued. He would tell a story of misfortune and collect the offerings. His only cost was for new ropes, as the ones he used always were cut.

100 TRIBESMEN DIE IN ITALIAN ATTACK

Rome, January 17.—(United News.)—Italian troops in a series of major military operations in which they employed airplanes and armored cars, killed more than 1000 Moghar tribesmen, took 400 prisoners and dispersed the rest of the force—which may have numbered more than 1000—into the desert without food, cattle or camels.

An official announcement today, detailing the operations in Africa which extended from January 3 to 14, said only nine Italians and native troops in the Italian force were killed and 14 wounded.

The maneuvers were successful because the Italians were able to concentrate their military occupation of the huge wedge-like Sudan region, between Oripoli and Cyrenaica, and to effect a strategic juncture with the troops at Meriduna.

HOUSE VOTE HITS TARIFF RATE CUT

Washington, January 17.—(AP)—Taking an exactly opposite position to that of the senate, the house today went on record against any downward revision of the tariff.

Upon motion of the republican leader, Tilson, of Connecticut, the house voted 383-104, to table the McMaster resolution declaring for a scaling down of "excessive" import levies. The senate yesterday approved the proposal.

In the house, Representative Garrett, of Tennessee, the minority leader, advocated referring the resolution to the ways and means committee, where, he said, like revenue legislation, must originate.

On the vote seven democrats, De Ruess, Kemp, Martin, O'Connor, Spearman and Wilson, all of Louisiana, and Casey, of Pennsylvania, joined with 176 republicans to table the proposal.

Twelve republicans and one farmer-laborer, Kvale, of Minnesota, voted with 151 democrats against the Tilson motion. The republicans were Beck, Brown, Weaver, Nelson, Lampert, Kading, Frear, Schafer and Schneider, all of Wisconsin; Christensen, South Dakota; Sinclair, North Dakota, and Cague, Minnesota.

While the McMaster resolution constituted an expression of views only and proposed no actual change in rates, its approval by the house would have shown that advocates of tariff reduction held a whip hand, in which event introduction of a bill to lower tariff rates might have been expected.

NEIGHBORS SAVE PASTOR AND FAMILY IN FLAMING HOUSE

St. John, N. F., January 17.—(United News.)—Houses in the blizzard cold Labrador colony north of 53 were revealed today when details were received here of a fire which destroyed the English church parsonage in Cartwright, where the clergies and their family lived.

The occupants were barely able to escape through the efforts of residents who risked their lives to rescue members of the household. Until June, when the first relief mission pierces northern Labrador, the parson and his family will have to live in the homes of other residents.

OYSTER WAR TURNS INTO OYSTER FEAST

Gloucester, Va., January 17.—(AP)—Virginia's "oyster war" showed signs of developing into an "oyster feast" tonight.

While the Guinea tongs awaited action by Frank W. Darling, Hampton packer, on a compromise agreement on disputed oyster grounds, and a report by Colonel Willard D. Newbill on the advisability of withdrawing the national guardsmen encamped at Severn wharf, preparations went forward for a turkey and oyster supper tomorrow night.

Guardsmen Are Guests.

The presence of the guardsmen as invited guests at the dinner appeared extremely likely.

While Brigadier General W. W. Sale said he had not been notified officially of the invitation to the guardsmen he said he saw no objection to the citizen soldiers making a first-hand investigation of the excellency of the Chesapeake oyster.

No further difficulties were reported today from the Moback bay section, scene of the disputed oyster grounds and where the firing on a state patrol boat occurred last week—the act that caused the governor to call out the guard.

Officials of the county reiterated that there was no necessity for the troops at Severn wharf and anticipated removal of those not engaged on patrol boats on report of Colonel Newbill.

TWO GUARD COMPANIES ORDERED WITHDRAWN.

Richmond, Va., January 17.—(AP)—Two of the three companies of the Virginia National Guard, ordered to Gloucester county by Governor Byrd last week to quell alleged disorder culminating in the firing upon a oyster patrol boat on Moback bay by unidentified parties, were ordered to be withdrawn immediately, the governor announced here tonight.

The third company will remain aboard the boats of the state patrol for a few days longer, Governor Byrd said.

Light Showers Forecast Damp Weather Today

Scattered light showers, breaking the monotony of a cloudy sky, will be witnessed in Atlanta and vicinity today, with no significant change in temperature.

It will take the temperature range, C. F. von Herrmann, meteorologist of the government, to predict the official forecast calls for similar conditions throughout the northern portion of Georgia.

No rain is scheduled for south Georgia. Tuesday the temperature range was 54 to 72 degrees. No noticeable variation is expected today, although the cloudiness may prevent the mercury column from reaching the same high level.

Marine Colonel, Georgian, In Atlanta on Inspection

Photo by Kenneth Rogers, staff photographer.

Colonel W. H. Pritchett (left), in charge of Marine corps recruiting in the southern district, which includes all the southern states, and Captain George W. Spotts, in charge of the Atlanta recruiting station, who recently took charge of local headquarters.

Colonel W. H. Pritchett, U. S. M. C., a Georgian and a graduate of Georgia Tech with the class of 1893, arrived in Atlanta Tuesday on his first inspection of the local marine corps recruiting station. Incidentally, Colonel Pritchett is meeting once again old classmates of Tech, friends and relatives, many of whom he has not seen since his last visit here in 1920.

Colonel Pritchett assumed command of recruiting in the southern district and of the marine corps reserve troops in this area October 8, 1927. His area includes all the southern states from Richmond, Va., to San Antonio, Texas, and Oklahoma and Arkansas. His headquarters are in New Orleans.

The new area commander is a native of Cartersville, Ga. Following his graduation at Tech he was commissioned a second lieutenant in the marine corps March 3, 1900. His last command before coming to the southern district was at San Diego, where he relieved Brigadier General Smedley D. Butler on that officer's orders to take command of the marine corps forces in China.

Colonel Pritchett will visit Atlanta regularly while on his new duty, coming to this city once every two months, where he will be in charge of recruiting office in 1927 and his next visit was in 1920 when he was en route to Haiti. Colonel Pritchett served in the Philippine campaign against Aguinaldo and in the campaign of San Domingo in 1916. He was there when America entered the world war, in charge of the machine gun company of the fourth regiment, which was in the thick of the fighting against the rebels. From there he went to New York where he was in command of the marines in and about New York city, having charge of all the troops returning from France.

After his tour of duty at San Diego he was ordered to the southern district.

In the class of '93 at Tech, Colonel Pritchett was graduated with a number of prominent Atlantans, among them being H. T. Phillips, of Phillips & Crew; Harry Miles, contractor; W. J. Nalley, engineer; R. W. Davis, J. Turner Fitten and Sherwood Jeter, of the Jeter & Stewart Realty company.

In the southern reserve area the marine corps has 600 men and 43 officers who are in the active reserve, drilling and being ordered on active duty every year for two weeks' training at Quantico, Va., or Parris Island, South Carolina.

"Recruiting conditions in Atlanta and other southern cities are very satisfactory," Colonel Pritchett said Tuesday morning. "The marine corps is about 200 men over full strength, consequently recruiting is practically discontinued. However, on account of heavy drafts of marines for duty in China and Nicaragua, it is highly probable that the marine corps will be increased by several thousand men and it is expected that active recruiting will be resumed in the near future."

"I am well pleased to get back to Atlanta and greet old classmates, friends and relatives."

Colonel Pritchett is a cousin of E. J. Conyers, Sam Conyers, Arthur

JUDGE OUSTS MORE OIL PLOT EVIDENCE

Washington, January 17.—(AP)—More evidence which the government had considered important in its effort to connect Harry F. Sinclair, William J. Burns, and their four associates with improper surveillance of the Fall-Sinclair oil jury was denied a place today in the record of the criminal contempt proceedings against them.

The prosecution had planned to show that members of the jury were being shadowed and believed it was being done by government agents but when James J. O'Leary, assistant district attorney, sought to draw such evidence from Edward J. Kidwell, Jr., one of the jurors, the defense objected unless it could be shown his consciousness of the surveillance was due to some act of the respondents. The court upheld this contention.

Evidence Fails to Bare Plot.

The government has yet to introduce evidence showing that jurors were approached by the Harms detectives. The defense has admitted the jury was shadowed but has contended that as long as none of the jurors were aware of it, there could be no contempt of court.

The ruling left the government in the position of first having to prove the respondents were responsible for any surveillance noticed by the jurors before the fact of jury shadowing can be introduced as evidence. Burns agents reported during the trial that other persons were shadowing some of the jurors.

MEXICAN REBELS KILL ONE AMERICAN IN RANCH ATTACK

Washington, January 17.—(AP)—Frank Edward Lake, Jr., an American citizen, was killed yesterday morning in a ranch attack near Guadalupe, in a rebel attack, the state department was informed today by American Consul Lowry at Guadalupe.

The consul said he had made representations to the Mexican secretary of war in person and had informed the American embassy in Mexico City. The news was received by Lowry in a telegram from Lake's parents.

Greenville, Ky., January 17.—(AP)—Robert H. Pitts, 35, and his housekeeper, Mrs. Marie Frazer, were indicted here today, charged with the murder of Pitts' 3-year-old daughter, Mary Magdalene.

Charges that the couple beat and mistreated the child at Pitts' home near here until death came last December 29 were made by county officials and they were taken to Winchester for safe keeping when several hundred angry men swarmed into Greenville threatening violence.

Lieutenant Colonel Eugene Oberdorfer, Jr., executive officer of Atlanta's national guard regiment, upon recommendation of Major General E. J. Williams, commanding the thirty-third national guard division, has been appointed assistant chief of staff.

SCORES JOIN HUNT FOR LOST HEIRESS

Northampton, Mass., January 17.—(United News.)—Three days of intensive search had failed tonight to unearth any clue to the mysterious disappearance of Miss Frances St. John Smith, 18-year-old Smith college freshman, who has been missing since last Friday.

Poses of local police and state troopers, under the direction of State Detective Joseph V. Daly, continued combing the wooded sections near this city today without discovering a trace of the missing girl. Parties of searchers continued their efforts until late in the evening.

Hundreds Join Search.

Hundreds of volunteer searchers, some spurred on by the \$1,000 reward which the girl's father has offered for information as to her whereabouts, and some by sympathy for the grief-stricken parents, have joined in the search.

Reports of seeing the girl led to investigations today in Deerfield, Holyoke, Greenfield and Springfield. A woman's coat found at Holyoke, thought at first to belong to Miss Smith, proved not to be hers.

A feeling that she was losing the friendship of a chum who had graduated with her from Milton academy, Milton, Mass., was thought by some to have led perhaps to despondency and to her disappearance.

Believed Amnesia Victim.

Others advanced the theory that through some psychological twist despondency led to amnesia. A report that a girl, apparently bewildered, had asked a passing motorist in Deerfield Saturday night if "he were looking for her," strengthened this theory. Investigation in Deerfield failed to develop any confirmation of the report.

Three Pinkerton detectives, called here last Friday by St. John Smith, the girl's father, joined in the search today.

Captain Says H Was Pirate In World War

Chicago, January 17.—(AP)—Commander Herbert Hartley, master of the Leviathan, once unwittingly became a pirate on the high seas.

He related the incident in an address here today. He had sailed from New York on the "Leviathan" on March 17, 1917. He defied the German edict that all American vessels be painted with alternating red and white stripes and follow a course prescribed by the German high command, carrying no such marks and following his own course. His ship was armed. Several days out it occurred to him that he was without a commission to command an armed vessel.

Technically, the veteran host to trans-Atlantic travelers said, he was a pirate. The ship and crew were received a great ovation when they reached Liverpool, the British accepting the guns and guard as an indication that the United States was in the war with the allies. War was not declared until three weeks later.

The Constitution's Circulation has Now Reached the *Commanding* Total of~

80,778

THINK how many families there are in all the city of Atlanta, with Decatur, East Point, College Park, Hapeville and Buckhead added--and you will get some idea of the **SIZE** of The Constitution's circulation. This area contains 78,845 families, according to the count of the Southern Bell Telephone & Telegraph Co.

REMEMBER this fact: when you buy advertising space in The Constitution your advertisement is placed before the **LARGEST SINGLE** group of newspaper readers in the City of Atlanta--and its trading area. No other advertising medium reaches as many people every day as The Constitution and no other newspaper enjoys such a high degree of confidence on the part of its readers.

THE LAST published statement of the Audit Bureau of Circulation shows The Constitution with a total net paid circulation of nearly 2,000 more than this immense family population--the largest circulation **EVER ATTAINED** by any Atlanta daily newspaper--and the most complete advertising "coverage!"

PROVE to your own satisfaction that The Constitution's greater circulation actually means greater advertising results. Check your sales from advertising in The Constitution as against results from other newspapers. You'll find that The Constitution will "out-pull" the others by a big margin!

THE CONNOISSEUR

Now the principal of all the beach varieties of fun is to spend the day upon the sand basking in the sun. And the Connoisseur considers it as pleasant as can be. For he loves the salty atmosphere and pungence of the sea.

And it seems that in addition to the awe-inspiring ocean. There are certain things upon the beach arousing his devotion. For example, there's a charming sight, he's willing to confess. In the lady in the bathing suit so very like a dress.

And a pair of beach pajamas in the very latest style. Has delighted Mr. Van de View now for quite a while. They are made of figured China silk with trousers very wide. And the blouse is daintily drawn around and tied upon the side.

And a bathing suit of silk that has an ample pantalette is becoming to a lady whom he doesn't know as yet. There are many things distracting him in fact upon the shore. Till the beauties of the ocean he's forgotten to adore.

I HAVE SAID IN MY HEART

BY IDAH M'GLONE GIBSON.

ROMANCE OLD AND NEW

On one of the evenings of the late summer all unwares I caught a glimpse of something which warmed my heart and filled my soul with happiness. Sitting in a dark corner, where I was forgotten for the moment, I inadvertently saw and heard something that was so beautiful that I did not dare make my presence known for fear I would dispel some of the sacredness of that hour. A woman who had been married 30 years was entertaining a youth and a girl who were on their honeymoon. All at once, one evening, this woman seemed to realize that she and her husband had forgotten that first wild thrill which had been theirs. It had been lost somewhere in the years along the way. They had accepted each other as one does any part of one's physical self. Neither seems particularly conscious of the other except when one is ill or cross or blue.

The older woman watched the thrilling happiness of the two younger people and she sighed a little enviously when one night she caught sight of the married lovers sitting just outside while the moon was showing over the housetop and enveloping in silver radiance the two.

The young bride's head was pillowed on her husband's shoulder. His arms were about her. Their voices came too soft for the words to be distinguished, but the tones were so sweet that a mocking bird in the tree tried to imitate their accents as he sang his love song to his brooding mate.

The elder woman glanced across the table where the husband of 30 years sat calmly reading his newspaper. Her lips, which had still some of their girlish sensitiveness, trembled.

"Do you think, dear, that you ever loved me as much as that boy loves his bride?" she asked, wistfully.

The man put down his newspaper with quick movement and looked over at his wife in surprise and then through the open door into the patio from where came the faint sound of soft kisses. Boyishly the man came around the table and seated himself upon the arm of his wife's chair.

"Yes, dear, I have always loved you devotedly. I loved you then as he loves, but I love you better now. The great thrill of life may be gone, but I am dependent upon you. You have grown to be a part of me. I know a depth and breadth of love that boy may never know, for, alas, some married lovers never find it."

A delicate pink crept up to the woman's gray hair. In a moment the years between were as though they had never been. Gone were the sad times which had seamed their faces with care; gone were the hard times which marked their hands with toil, gone was the travail of giving birth to sons and daughters, and gone the grief which marked the passing of some to the Great Beyond.

Again she was a girl bride, and a lover-husband was close beside her, and she would not give up one jot of the pleasure or pain that was past for the glory of it was crowning that boy and girl with a bliss to them unexpressed.

Miss Fife and Mr. Sewell Wed At Lovely Twilight Ceremony

The marriage of Miss Martha Taylor Fife, daughter of Mr. and Mrs. John Clifford Fife, Sr., to Charles Cecil Sewell was beautifully solemnized Monday at 5 o'clock at the Virginia Avenue Baptist church.

The marriage service was read by Dr. J. M. Lewis, pastor of the church, assisted by the Rev. D. F. Kellam, uncle of the bride.

The church was decorated with quantities of southern smilax used as a background and festooned from the ceiling. The entire altar was banked with palms, interspersed with baskets of white lilies and cathedral candelabra.

Preceding the ceremony a beautiful program of nuptial music was rendered by Mrs. Eugene Allensworth, Mrs. Edward White and Mrs. John Clifford Fife, Jr. Mrs. Allensworth sang "Untill" and "Beloved, It is Morn," with Mrs. Fife, Jr. playing a violin solo, "I Love You Truly." Mrs. Edward White played the wedding march, using that from Lohengrin as a processional and Mendelssohn's as a recessional. MacDowell's "To a Wild Rose," with violin obbligato, was softly rendered during the ceremony.

The ushers entered first in pairs and included John Clifford Fife, Jr. and Jack Turner, followed by Willard Bandy and Roy Greene.

Miss Pauline Blane, cousin of the bride, was bridesmaid and entered next, wearing shell pink embroidered georgette with a small pink hat and carrying an arm bouquet of pink roses and pastel-shaded sweet peas.

Miss Louise Fife, sister of the bride and maid of honor, was gowned in a becoming straw hat. She carried an arm bouquet of pale pink roses and pastel-shaded sweet peas.

Little Miss Bettie Fife, flower girl and niece of the bride, immediately preceded the bride, wearing a green taffeta frock and carrying a basket of pink rosebuds.

The lovely bride entered with her father, who gave her in marriage, and was met at the altar by the groom and his best man, Charles Winburn.

She was radiantly beautiful in a powder blue model heavily embroidered in blue and oyster white, worn with a smart close-fitting blue hat. Her shower bouquet was of white roses and valley lilies tied with tulle and white satin ribbons.

Mrs. John Clifford Fife, Sr., mother of the bride, wore a sand-colored georgette with a corsage bouquet of pink roses and sweet peas and hat of pink taffeta and silver.

Mr. Sewell and his bride left immediately after the ceremony for a short wedding trip, after which they will make their home in Atlanta.

You Can Win \$2,000.00

THE ATLANTA CONSTITUTION'S "COW" FIGURE GAME

\$2,000.00 First Prize — \$1,000.00 Second Prize — \$500.00 Third Prize

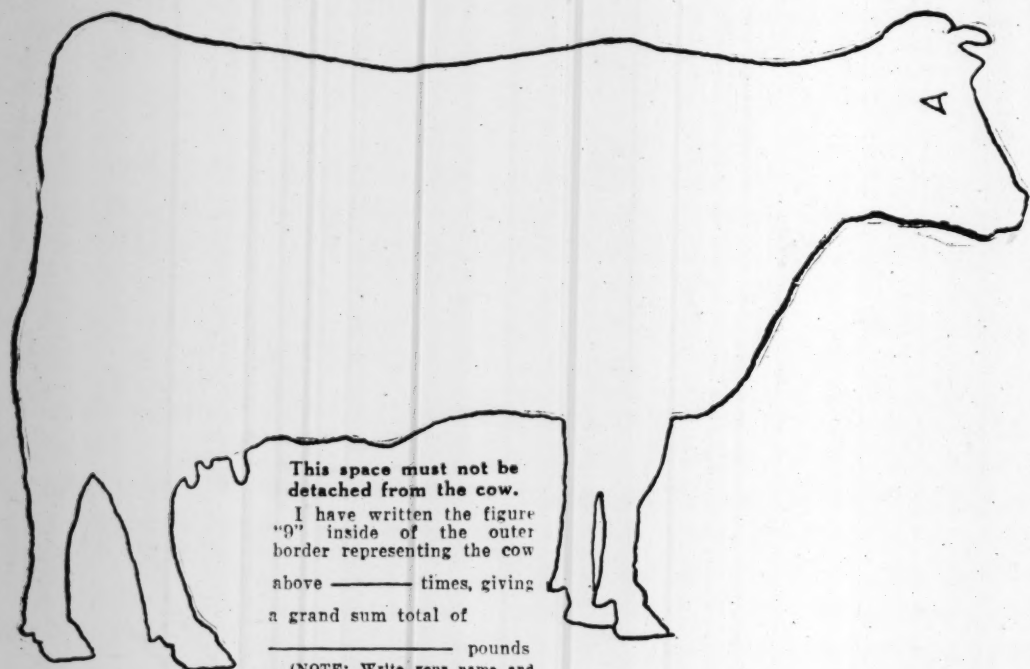

Twenty-five Cash Prizes in All—Amounting to \$4,515.00

\$500.00 Extra First Prize for Promptness

This is your opportunity to use your spare time to advantage. These big cash prizes are going to be given away to the lucky winners, and no one has a better chance than you if you will only make the proper effort. The object of the game is to see how much you can make the "COW" weigh by filling inside of the border representing the cow with figures "9." Now isn't that simple?

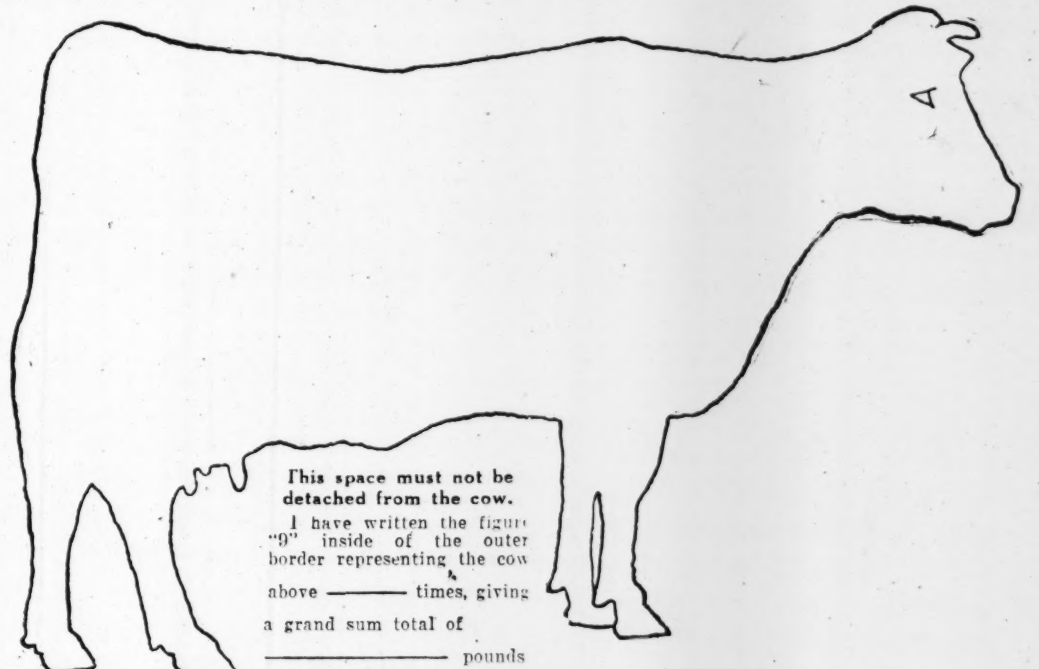

How many times can you write by hand, using a lead pencil, the figure "9" inside the border forming the cow outline? The sum total of the number of the "9's" that you put in the cow picture will represent your answer or what you give as the weight of the cow. For example twenty "9's" will be 180 pounds; one hundred "9's" would be 900 pounds, etc. Can you write in one hundred "9's," two hundred, or how many? The person having the greatest number of "9's," that is, the largest sum total, will win first prize, second largest second prize, etc.

NOTE: While there are three cow pictures given in this announcement, so a contestant may have plenty of material to work on, only one cow picture is to be submitted with a solution.

This space must not be detached from the cow.
I have written the figure "9" inside of the outer border representing the cow
above _____ times, giving
a grand sum total of _____ pounds

(NOTE: Write your name and complete address plainly on the white margin in front of the cow.)

(NOTE: Write your name and complete address plainly on the white margin in front of the cow.)

How Much Can You Make the "Cow" Weigh?

THAT'S THE PROBLEM!

TRY YOUR HAND AT IT BY WRITING THE FIGURE "9" AS MANY TIMES AS YOU CAN INSIDE THE BORDERLINE OF THE "COW."

When you have them all written in, add them. That will give you your answer to "How Much Can You Make the Cow Weigh." Every "9" stands for 9 pounds, and the total of "9's" you have written in the cow space is your weight record.

Begin now on the game by clipping out the "cow" picture and start with lead pencil to filling in with the figure "9." You will find it absorbing fun, and every "9" that you write in the "cow" figure takes you further on your way to the big cash prizes that are to be given.

Be sure that the "9's" do not touch each other, nor touch the border of the cow. You may have additional copies of the "cow" picture by writing to the Cow Contest Dept., inclosing a stamped return envelope. The extra copies, however, will be on the same grade of paper as this is printed on.

You have a chance to earn \$35.00, \$250.00, \$1,000.00 or \$2,000.00, as explained and shown in the Prize List, and \$500.00 extra for promptness.

How to Win \$2,000.00

It is not necessary to send a subscription, but by qualifying your entry into "How much can you make the cow weigh" game with one or two subscriptions, you can increase the amount of the prize money that you will receive if you are a winner. For instance, the first prize is \$35.00, but if winners of first prize has qualified with one six months' subscription, the prize will be \$250.00 instead of \$35.00. If qualified with one year's subscription the prize will be \$1,000.00 instead of \$35.00; or if qualified with two annual subscriptions the prize would be \$2,000.00 instead of \$35.00, and so on with proportional increases throughout the entire prize list. In all there are 25 prizes, as shown in this announcement.

\$35.00 will be awarded to the winner of first prize (the person having the largest sum total in the cow picture) if no subscription is sent to the daily and Sunday Constitution.

\$250.00 Instead of \$35.00 will be awarded to the winner of first prize provided one six months' subscription to the daily and Sunday Constitution with \$5.00 remittance is sent, new or renewal; second prize \$200.00; third prize \$100.00, etc. (See second column in prize list.)

\$1,000.00 Instead of \$35.00 will be awarded to the winner of first prize provided one annual subscription, new or renewal, to the daily and Sunday Constitution is

sent with \$9.50 remittance; second prize \$500.00; third prize \$250.00, etc. (See third column in prize list.)

\$2,000.00 Instead of \$35.00 will be awarded to the winner of first prize, provided two yearly subscriptions to the daily and Sunday Constitution are sent, one of which must be new, at \$9.50 each, total remittance \$19.00; second prize \$1,000.00; third prize \$500.00, etc. (See last column in prize list.) Be sure to write your qualifying subscription on a separate sheet of paper from the "cow" picture, giving your name and address as well as the name and address of each subscriber. Remittance should be sent by money order, personal check or bank check. Currency should always be registered.

5. Copperplate type, shorthand, reproductions or reductions are barred, also duplicates of the original. Every "9" must actually be made by hand with any ordinary lead pencil of standard make, and must be discernible to the naked eye, meaning clear and distinct to a person of average good eyesight or equivalent. The natural eye by those who do not wear glasses, and ordinary reading glasses by those who wear glasses only guide allowed in filling in the figure "9." A "9" with either straight or curved tail is permissible.

7. In case of ties, while there is hardly a chance in 10,000 of a tie, as many awards will be reserved as there are people tied. Before any awards are awarded for less correct solutions, another puzzle will be submitted to those tied on the same order of this one, except a smaller "cow" picture, after which should ties still result each contestant will receive the full amount of the prize tied for.
8. Only one prize will be awarded to a person, household, or group of persons. Any person or household or group of persons submitting duplicates are barred.
9. The decision of The Atlanta Constitution must be accepted as final and conclusive in all matters, and participants by sending in their answers agree to accept the decision of the contest manager of The Atlanta Constitution as conclusive and final.

The solution of the winner of first prize will be reproduced in The Constitution, together with the published result which will be published as soon as possible after the closing date of the contest.

12. The contest is open to new and old subscribers alike. The regular subscription rate of \$5.00 for six months' subscription or \$9.50 for 12 months' subscription to the daily and Sunday Constitution will prevail. The Woman in the Case

BY LOUIS TRACY

SYNOPSIS.

John Arden, handsome young Londoner, meets through an accident lovely Esmee Bernore, to whom he is able to render a slight but valuable service. He learns that the girl and her companion, Mrs. Sinclair, lately arrived in London from the Argentine, were the last two persons to see Lord Farndale alive. The old earl's sudden and mysterious death is announced to the world by the morning papers and Arden grows suspicious of Mrs. Sinclair when he learns that she is trying to keep their visit to her husband's death secret and is covering Esmee into secrecy against her will. The police, however, learn the identity of the two women who visited Lord Farndale just before his death. Mrs. Farndale, fearing arrest or detention as a material witness, persuades Esmee to accompany her to Paris. John Arden, whose interest in Esmee has been aroused because he fears that she is under the influence of an unscrupulous creature, saves her from arrest by kidnapping her at the railroad station from behind Mrs. Sinclair's back. He takes her to the apartment of Andy Burke, one of his best friends, and Burke turns over his rooms and his housekeeper to her.

The friends put their heads together in Esmee's behalf, but in the midst of their plotting Furneaux, of Scotland Yard, joins them. Esmee tells her story to the men and at the completion of it the detective agrees to help her.

Esmee, who is the granddaughter of Lord Farndale, had never seen the old man until his death. Her father, only child of the earl, had quarreled with him in his youth, had gone out to the Argentine, married, lived and died there. Her mother had died when she was young. Mrs. Sinclair, a friend of the family, had been very kind to her after her father's death and had invited the lonely girl to live with her. There Esmee met Juan de Braganza, a young Argentinian, who asked her to marry him. She refused him, then invited Esmee for a ride one day and took her out into the country and they stopped at an inn for coffee. Esmee grew ill after drinking it, but maintained she never lost consciousness. She was asked to sign the inn's register, but she refused and demanded to be taken back to town.

Furneaux tells her that Juan de Braganza claims that she is his wife.

Esmee decides to go back to Mrs. Sinclair and Furneaux agrees to let her go. Mrs. Sinclair and Braganza, who have arrived in London, are placed under surveillance and complete protection is given Esmee by the police.

John Arden follows Braganza to Paris at Furneaux's suggestion and there the trail leads him to Lady Doone, Esmee's great aunt and sister of Lord Farndale, who had lived abroad for fifteen years. Braganza tries to enlist her aid in having Esmee acknowledge him as her husband, but she declines his offer, his appearance she gives him very little encouragement. Arden wins the old lady completely when he tells her that he intends to run down Braganza's false claim and to marry Esmee himself. He induces Lady Doone to come back to England and place Esmee under her care. Aunt and niece are attracted to each other at sight.

INSTALLMENT II. WEIGHING THE EVIDENCE.

Furneaux did not come alone. With him was Sheldon, wearing his fishing suit, tweed hat and all complete.

Mrs. O'Callaghan admitted them. The detectives had discussed matters fully while driving from the "Yard." They elected to withhold no integral fact from the three men to whom they were about to delegate no light burden of responsibility for Esmee's immediate welfare. Hence, Sheldon told his story in full. He was careful, of course, to differentiate between Tommy Trenholme's uncertain memories and such concrete facts as the comparatively recent abstraction from Sir Archibald Doone's museum of a large quantity of antimony in its crystal and liquid forms. But there could be no doubting the effect on his hearers.

Andy Burke was the first to give tongue. He rose suddenly.

"I don't say what is in my mind," he growled, looking rather fierce, as though his thoughts were not pleasant ones. "Who's for a cocktail? Everybody, of course. But pay no heed to me. There's no ice, so I'll compound the mixture in silence."

"You have not been told the most thrilling part yet," said Sheldon who, while traveling south with Mr. Simmonds, had been given a full, true and particular account of Buchanan's amazing outburst during the reading of the will with, of course, the exact wording of the clause which provoked it.

No one interrupted until he had made an end. Even Furneaux listened intently. He seemed to be endeavoring to review the butler's strange words from a new angle. But he passed no comment. It was left for Arden to sound the deathknell of his own hopes.

"Do you know what the probable value of Lord Farndale's estate is?" he asked, and the despair in his voice just checked Arden from reviling him as a "mercenary ruffian."

"That has not been stated yet in exact figures," answered Sheldon, who might well be regarded as the diplomat of the Yard.

"What does it matter?" snapped Furneaux.

"Oh, nothing," said Arden, stuffing tobacco into his pipe with such ferocity that it all had to come out again when he tried to light it.

Then Davidson spoke. Burke had listened to Solomon, and he certainly lived up to his reputation by weighing the evidence before he pronounced judgment.

"Let us assemble the known facts," he said, leaning back in his chair and looking up at the ceiling so that he should not lose the line of his analysis by catching some one's disapproving eye. "Esmee's mother was the adopted daughter of a Dr. and Mrs. Maynard of Buenos Aires. Esmee has the marriage certificate, so whatever may be our opinion of such a document of a later date, this one may be taken as correct. The lady's Christian name was Elizabeth. Lord Farndale, in his will, made it a sine qua non that his son's child or children, if any, should be born in lawful wedlock, and that the woman in the case should state her maiden name correctly. Therefore, as he believed that Elizabeth Maynard was not Mrs. William Denison Bernore's maiden name, her progeny would be disinherited. But old Buchanan, a repository of family secrets, bursts in on a paragon of thankfulness that the testator's evil intent has been defeated by his own proviso. So Buchanan knows, or professes to know, that Elizabeth Bernore is the daughter to God name of Esmee's mother. If that be true, she was the actual, not the adopted, daughter of the Maynards. Further, if she is the 'pretty village girl' of Aytan Parva, as described by Trenholme, the only points to be cleared up, comparatively minor ones, are why she ever figured in Buchanan's daughter, and why the long delay before she joined her real parents. She could not have been Dr. Maynard's daughter's child. The adoption washes out that alternative."

"After that, Jimmie, you can absorb two cocktails," said Andy, "and I respectfully suggest that you swallow a cork with the second one."

Furneaux, who had an eye on Arden, broke in then.

"Do you fellows know why the chief sent me here tonight?" he demanded. "Yes," said Arden.

He gave the detective the text of the Paris taxi driver's telegram, but uttered no other word.

"Splendid!" cried Furneaux. "Now all we want is a phone call from the chief and the decks are cleared for action."

He had hardly spoken before the telephone bell rang.

"Let me go," he said. "That's my cue—for a new hat if any one cares to help."

Sheldon was back, his wrinkled face creased in a smile.

"I was right," he chorused. "The chief, who is just off to dine in the home circle, has just heard from Lady Doone, who places the resources of Higher Yatton entirely at your disposal. Owing to Mr. Arden's skill, or luck, as a detective in Paris we know that a couple of stage murderers are on their way to join Senor de Braganza in London. They will reach Victoria about 11:45 railway time, which generally means 11:30 by the clock. About that hour you there will be hearing Peterborough. I suggest that you sleep in York, don't hurry over your breakfast in the morning, hire a car and reach Higher Yatton about noon. From that instant you maintain a ceaseless and vigilant watch over Miss Esmee Bernore. The local police will be instructed to give you every sort of assistance when called on at any hour of the day or night. Owing to the absence of English law we cannot arrest either the 'Matador' or 'Guido,' on suspicion. They may conduct themselves like perfectly harmless citizens, and again they may not. If they try any monkey tricks in a remote Yorkshire village they can be far more easily spotted and dealt with than in overcrowded London. I say nothing about arms. That is not my business. Most certainly I had to handle the 'Matador' and 'Guido,' and their friend Juan as well. I would shoot quickly and straight and often if they cut up rough. Lady Doone ought to hire two fast cars with reliable chauffeurs for the morning early. In fact, I'll see to it. As it happens, about the time you three reach Higher Yatton the butler will pass through his way to attend the adjourned inquest, so he will be out of the way—possibly for some time. Soon after lunch the district superintendent of police will call. Tell him everything. He will arrange matters on his side of the fence. All these precautions may be quite unnecessary, but if they are, why this incursion of Montmartre toughs into peaceful England? And now, if some one doesn't suggest dinner, Sheldon and I will browse in Soho. You boys have plenty of time to eat, pack and hop it to Kings Cross."

an, a repository of family secrets, bursts in on a paragon of thankfulness that the testator's evil intent has been defeated by his own proviso. So Buchanan knows, or professes to know, that Elizabeth Bernore is the daughter to God name of Esmee's mother. If that be true, she was the actual, not the adopted, daughter of the Maynards. Further, if she is the 'pretty village girl' of Aytan Parva, as described by Trenholme, the only points to be cleared up, comparatively minor ones, are why she ever figured in Buchanan's daughter, and why the long delay before she joined her real parents. She could not have been Dr. Maynard's daughter's child. The adoption washes out that alternative."

"After that, Jimmie, you can absorb two cocktails," said Andy, "and I respectfully suggest that you swallow a cork with the second one."

Furneaux, who had an eye on Arden, broke in then.

"Do you fellows know why the chief sent me here tonight?" he demanded. "Yes," said Arden.

He gave the detective the text of the Paris taxi driver's telegram, but uttered no other word.

"Splendid!" cried Furneaux. "Now all we want is a phone call from the chief and the decks are cleared for action."

He had hardly spoken before the telephone bell rang.

"Let me go," he said. "That's my cue—for a new hat if any one cares to help."

Sheldon was back, his wrinkled face creased in a smile.

"I was right," he chorused. "The chief, who is just off to dine in the home circle, has just heard from Lady Doone, who places the resources of Higher Yatton entirely at your disposal. Owing to Mr. Arden's skill, or luck, as a detective in Paris we know that a couple of stage murderers are on their way to join Senor de Braganza in London. They will reach Victoria about 11:45 railway time, which generally means 11:30 by the clock. About that hour you there will be hearing Peterborough. I suggest that you sleep in York, don't hurry over your breakfast in the morning, hire a car and reach Higher Yatton about noon. From that instant you maintain a ceaseless and vigilant watch over Miss Esmee Bernore. The local police will be instructed to give you every sort of assistance when called on at any hour of the day or night. Owing to the absence of English law we cannot arrest either the 'Matador' or 'Guido,' on suspicion. They may conduct themselves like perfectly harmless citizens, and again they may not. If they try any monkey tricks in a remote Yorkshire village they can be far more easily spotted and dealt with than in overcrowded London. I say nothing about arms. That is not my business. Most certainly I had to handle the 'Matador' and 'Guido,' and their friend Juan as well. I would shoot quickly and straight and often if they cut up rough. Lady Doone ought to hire two fast cars with reliable chauffeurs for the morning early. In fact, I'll see to it. As it happens, about the time you three reach Higher Yatton the butler will pass through his way to attend the adjourned inquest, so he will be out of the way—possibly for some time. Soon after lunch the district superintendent of police will call. Tell him everything. He will arrange matters on his side of the fence. All these precautions may be quite unnecessary, but if they are, why this incursion of Montmartre toughs into peaceful England? And now, if some one doesn't suggest dinner, Sheldon and I will browse in Soho. You boys have plenty of time to eat, pack and hop it to Kings Cross."

Idaho, were indicted today on charges of using the mails to defraud. The charges grew out of the promotion of the copper stock, allegedly through a publicity campaign conducted in Rice's publication. The indictment, returned by the federal grand jury after hearing evidence for six weeks, accuses the three men of holding options on 1,300,000 shares of stock at 10 and 12 cents and selling them at as high as 86.25. Rice is said to have placed the stock on the Boston curb market at 55 cents. Between March, 1925, and March, 1926, the stock went up to 86.25. Assistant United States Attorney Peck charged that this was accomplished by "ballooning" the stock to readers of Rice's paper. Part of the allegations set forth in the indictment charge that Rice used reports regarding progress of the work at mining claims which Weed had made to him. It is further charged that these statements were misrepresentations and fraudulent. Yorston formerly was president of the corporation.

Keith's Georgia.
There's a clasp over at Keith's Georgia theater this week, Ken Murray, by name, who acts as "spokesman" for the Harry Carroll show and he certainly maintains his reputation as a spokesman for he seems never to tire of his job. Murray "performs" from the stage, then in the auditorium and from the boxes; he gets along so that every one is sure to see him and always with a laugh or a good-natured remark. Harry Carroll has produced several excellent revues and musical comedy bits but this is probably the best of the lot.

Capitol.
When it comes to uproarious, spontaneous comedy, then "Noodles" Fagan, who is seen on the extraordinary good vaudeville bill at the Capitol theater this week, takes all the cake. He glances around among the audience and spots a person, and without stopping from the last verse composes a special ditty based on characteristics of the person, and winds it all up with some funny crack. The headline on the bill this week is the House of David band. Other acts are: Fred Morton, Harry Berry and company and "Youth," a strikingly beautiful dance act. "The Cohens and Kelles in Paris" is the great comedy on the screen.

Loew's Grand.
One of the greatest shows of any kind ever offered in Atlanta at popular prices is on the boards at Loew's Grand theater this week with James J. Corbett, former heavyweight champion of the world, as the headline on the vaudeville bill. The Loew feature picture is the stupendous production "The Student Prince," with Ramon Novarro and Norma Shearer in leading roles. Other acts on the vaudeville bill are George Krouse and company; Elsie and Pauline, ice skaters; Konson, the "Japanese Flapper," and Violet Ray and Norman in a hand balancing turn.

An Atlanta Writing Story MAILS BRING IN MANY SCENARIOS Synopsis for Local Picture

BY ELMO HAMBY.
Scenario Contest Editor.
Atlanta's just full of scenario writers.

Or at least, it seems that way, after Tuesday mails brought in a flood of scenarios and film synopses submitted for the \$200 prize which The Constitution and the Howard theater are offering for the best story for an Atlanta movie to be produced here within the year.

And they are all good, too! The judges in this contest, prominent screen stars of Hollywood, are sure to have a tough job in selecting.

Comedy, romance and every now and then a touch of tragedy are found in the manuscripts submitted. The only provisions made in writing the scenario or synopsis are that it be 1,000 words or less, and contain at least two scenes laid in The Constitution building and several scenes laid on the stage of the Howard theater.

All residents of Atlanta and suburbs will be amply rewarded as there are two surprises to be seen. The first is Douglas Fairbanks as "Gaucho," in which Doug gets back into his old form and succeeds in putting before the public a picture of a wild bandit who knows no law but gets what he wants by taking it. Surprise No. 2 is the introduction of Ray Teal, the Howard's new orchestra conductor. Mr. Teal comes to Atlanta from the west coast where he has directed some of the finest orchestras. His first production is "Tokio Blues," a beautiful Japanese revue featuring Willie Soler and the three Meynors.

Metropolitan.
Plenty of action and thrills are embodied in "The Haunted Ship," playing this week at the Metropolitan, the story was suggested by Jack London's famous tale of the sea, "White-Jacket and the Yellow." It is one of the most absorbing sea dramas seen here in some time and entails and holds one with breathless interest. The picture is the production of the "Hollywood" company and "Youth," a strikingly beautiful dance act. "The Cohens and Kelles in Paris" is the great comedy on the screen.

Rialto.
"Fashion Madness," the Claire Windsor special feature, shows today at the Rialto the picture "Mad Scrambles," a Christie feature comedy, and Paramount News are on the screen with "Fashion Madness." The Loew feature picture is the stupendous production "The Student Prince," with Ramon Novarro and Norma Shearer in leading roles. Other acts on the vaudeville bill are George Krouse and company; Elsie and Pauline, ice skaters; Konson, the "Japanese Flapper," and Violet Ray and Norman in a hand balancing turn.

Alamo No. 2.
With the busy background of the west in the making, peopled by faithful replicas of the cowboy, today at the Alamo No. 2, the picture "The Gaucho," Colleen Moore's starring vehicle, is appearing at Alamo theater No. 2 today. Lloyd Hughes appears opposite Miss Moore, and the cast are to be found such well known character actors as Frank Brownlee, Kate Price, William Norton Bailey, Monte Collins and Gene Corrado.

West End.
Still the picture of pictures—still a novelty for the theater-going public, is James Cruze's Paramount production, "The Covered Wagon," which comes back to the West End today only for a special request showing. Richard Dix in "Shanghai Bound" will be the feature for Thursday and Friday.

Palace.
In "Running Wild," which will be shown at the Palace today only, W. C. Fields plays the part of a timid soul who becomes a roaring lion through a series of amusing situations, none of them funnier than those in which a vaudeville hypnotist tells Fields that he can go out and eat the world. He does with hilarious results. Mary Brian is featured as the star's daughter, Jackie Coogan in "The Bugle Call" will be featured Thursday and Friday.

Pomona de Leon.
The picture feature for today at the Pomona de Leon is the "Isle of Forgotten." "Conan," the picture of the week, is "The Underworld," with Clive Brooks and Evelyn Brent. It is an intensely dramatic picture, a story of half-world, ruled by gangster kings and peopled by fierce human birds of prey who pick their trade of violence and murder in the shadows of night; elevated by war with the forces of law and organized society. In their own surroundings they reveal the human side of the picture, the jealousy, the struggles and friendships.

The Day in Finance

BY R. L. BARNUM
Well-informed people are looking for a break in the stock market with money rates higher; others expect only temporary readjustments.

New York, January 17.—Yesterday's exhibition of very strong support in Steel common and General Motors was responsible for overnight improvement in the stock market sentiment. Much talk was heard in Wall street after the close of the stock market of the large buying orders that had been placed in Steel common at 144 and in General Motors at 130. The conclusion reached overnight by traders in the stock market was that those buying orders in Steel common and General Motors had been placed by market leaders to prevent a wide open break in the stock market. But for the renewal rate of 4-1/2 per cent for call money, which acted as a damper undoubtedly, the stock market would have made even more of a recovery today.

Sentiment in Wall street banking circles regarding the technical position of both the stock and money market is more mixed than at any time in many months. Some usually well-informed people are looking for a severe break in the stock market with money rates higher. Others expect easier money with only temporary readjustments in stock prices.

This is a season of the year when both time and call money should be working easier. Call money has failed to show a big effort to get rid of the non-producers. We have let our money be "fired."

The question is often raised, "Why is there so much a great deal of liquor?" from Canada to the United States. The answer is that the laws of Canada do not prohibit the export of liquor to the United States. It is also a fact that many a boatload of Canadian liquor clears for the United States but never comes to the United States. It is a fact that the federal reserve board will have power to force member banks making brokers loans to carry 20 per cent of demand deposits in gold and 80 per cent in government securities.

Wall street does not expect Congress Dickinson, of Iowa, recognized leader of the house farm bloc, to get very far with the amendment to the federal reserve act he proposed. Dickinson wants to change the law so that the federal reserve board will have power to force member banks making brokers loans to carry 20 per cent of demand deposits in gold and 80 per cent in government securities.

SOVIETION LAUDED AT ANTI-WAR MEET

Washington, January 17.—(AP)—Fascism and communism were pictured as offering the United States "the saving force of a great ideal" by James G. McDonald, chairman of the foreign policy association, in discussing tonight before the conference on the cause and cure of war the relationship of empires and dictatorships to the organization of world peace.

"The movement for universal peace," he said, "offers to Americans just such an ideal. Fascism and communism have much in common. Both are dictatorships contemptuous of democratic principles. But as regards their position in foreign affairs, they differ. Contrary to the usual assumption, Mussolini has changed the foreign policy of his country not in kind but merely in degree; the tone is only more strident."

Russia in Different Position.
The Soviet regime, however, he said, has placed Russia in an anomalous position: the government sincerely advocates peace on all its frontiers, while the communist party supports the third international in still adhering to the program of world revolution. Dr. Anna Garlin Spencer, of New York, a minister and educator, questioned the moral right of one civilization to impose its peculiarities on another, and emphatically denied that the United States "can contribute its share of the debt that western civilization owes the rest of the world by any form of compulsory and violent overlordship of any group, of any nationality, of any race, in any part of the world."

Attacks "Big Business."
Granting "big business" the right to carry its activities into other countries, she denied it was privileged to do so "at the point of the bayonet."

The United States, she said, has sometimes been led into fights to maintain order or to protect property and has sometimes been "led like other western nations by our religion for developing backward countries, into acts of justice." Such actions, however, she maintained, would "not have been voted for had there been a clear statement of conditions beforehand."

Trials of 'Red' Spies.
The case for the prosecution against George Hanson, a German, and Wilfred Francis McCartney, described as Irish-American, charged with espionage in behalf of the Soviet government, was concluded today at Old Bailey, and the hearing adjourned until tomorrow.

All the important evidence was heard in secret, the court being cleared even of the council engaged in the case.

A secret hearing is exceptional in English criminal courts, and can only be the judge for "reasons of state." The defendants in the public hearing denied knowledge of alleged secret documents and of each other, but testimony showed that McCartney two and one-half years ago underwent a sentence of nine months imprisonment on some other charge. Much of today's examination dealt with handwriting tests.

Jury Gets Documents.
The secret hearing was held at the request of Attorney General Sir Douglas Hogg, who said the evidence was such that the public should be excluded. Previously he had held that Russia was responsible for the conspiracy.

At today's session documents shown to the jury included a questionnaire dealing with the British gas industry. The attorney general asserted that the questionnaire could only have been formulated by experts, such as the war staff of some foreign power.

Legionnaires Save Block from Flames.
Hendersonville, N. C., January 17.—(AP)—Heroic work of volunteer firemen and members of American Legion post which was holding its annual banquet checked a fire last night which threatened to destroy a whole block in the business section.

Before the flames were extinguished, however, three stores had been destroyed and others damaged extensively. The loss was estimated at \$50,000.

Scientist Tells Committee Sun Will Wink Out
Washington, January 17.—(United News)—The sun is reducing in size and is expected to wink out in 750,000,000 years, according to a statement made today by the Smithsonian Institution, the house appropriations committee, according to hearings just made public.

The sun's radiation is caused by a combination of atoms of which it is composed, the scientist explained. "The sun is reducing in size, and it continues to radiate at the present rate it eventually will be entirely destroyed," Dr. Abbot said. But that won't happen for 750,000,000 years.

Prosecutor Sure Benjamin Purnell Is Actually Dead
Benton Harbor, Mich., January 17.—(AP)—G. H. Bookwalter, prosecuting attorney, said today no official notice would be taken of a reported interview published in a Kentucky newspaper quoting Dr. James Stalder, former member of the House of Representatives, as saying that Benjamin Purnell, leader of the cult, is not dead, but is living in Kentucky.

The interview was reported to have quoted Stalder as declaring "that Bookwalter, who viewed Benjamin's body at a local undertaking establishment."

Dorothy Mackaye Expected to Begin Sentence Friday
Los Angeles, January 17.—(United News)—Dorothy Mackaye, stage actress, convicted of conspiring to conceal the murder of her ex-husband, Ray Raymond, musical comedy comedian, probably will leave Friday to begin serving her one to three-year term in San Quentin prison.

In custody of deputy sheriffs, the actress was absent from the county jail for a brief time today to attend to "some business affairs." Although she has been in custody here for five months while awaiting the outcome of an appeal, she will not begin serving her sentence until she reaches San Quentin.

Paul Kelly, her asserted sweetheart, found guilty of murdering her ex-husband on Raymond in a fist fight, is now at the prison serving a one to 10-year term.

GEORGIAN SCORNS VICE PRESIDENCY

Washington, January 17.—Senator George announced today that he will not consider any suggestion that he accept the democratic nomination to the vice presidency.

His Georgia colleagues having proposed him for the presidential nomination, he will allow them to pursue whatever promotions they carry on to that end and will not consent that he shall be sidetracked or smoke-screened by the promoters of other candidates for that nomination.

Others join Southern. Georgians here at the capital are joined by many fellow southerners who believe in the rare availability of Senator George in warmly resounding suggestions from any source that he should be reserved for and given second place on the national ticket.

One strong southern senator suggested that it would be more in keeping with conditions and party prospects to propose that Governor Smith or Senator Reed should take second place than to ask the distinguished Georgian to do so.

Another democratic senator from the west said the way for Georgians and southerners to get the presidential nomination is to solidify behind Senator George. For example, and stick it out in the convention.

Among the Georgian senator's warmest friends here the belief is unanimous that he would not accept a vice presidential nomination in any ticket headed most assuredly not on a ticket headed by a notorious wet nominee for president.

J. J. BOOKOUT HEADS ARCADE MERCHANTS

Election of officers and presentation of gifts to retiring officers featured the annual meeting of the Georgia Arcade Merchants' association, composed of all the merchants in the Peachtree Arcade. The body is a member of the Atlanta Retail Merchants' association.

J. J. Bookout was elected president; L. G. Fulton, first vice president; J. V. Wellborn, second vice president; and Miss Margaret White, secretary and treasurer. C. V. Hohenstein, secretary of the Atlanta Retail Merchants' association, parent organization, is executive secretary of the Arcade group.

L. M. Anderson, retiring president, was presented with a gold watch, and Miss Margaret White, secretary-treasurer, was presented with a gold desk set. Mr. Hohenstein was given a purse. A musical program also was presented.

GOVERNOR ACCEPTS SHERIFF'S RESIGNATION

Montgomery, Ala., January 17.—(P)—Governor Bibb Graves today accepted the resignation of Sheriff J. E. Gaddy, of Dallas county, who shot and probably fatally wounded Edward W. Moore, a contractor, in an affray in Selma, Sunday night.

Permanent Track Is Now Prepared For Georgia Road

Installation of permanent track for the Georgia railroad trains in the lowering project for construction of new Atlanta viaducts, has been completed and will be put in use today. This track on the south side will permit loading and unloading of freight, express, mail and passengers on a temporary platform erected on Pryor street, and will enable contractors to begin excavating on the north side.

Excellent progress is being made in the lowering of the tracks, and unless unforeseen accidents arise, the work should be completed by April 1.

"I believe that our delays are over. We lost much time during the month of December due to inclement weather, work being retarded as a result of lack of drainage facilities. That feature, however, will not bother us again because our drainage system will be put in operation today," J. L. Brooks, president of the Brooks-Calloway company, stated.

"Installation of the training system has been a tremendous undertaking. A great part of our time was spent in laying these pipes eight feet beneath the new tracks.

The Pryor street underpass has been partially blasted away, and the remainder will go when the steam shovels begin work on the north side. Work of lowering the tracks extends 300 feet beyond Forsyth street and 500 feet beyond Piedmont avenue. The depth ranges from a few inches at either end to nine feet between Pryor street and Central avenue.

The work was started on November 19, by the Brooks-Calloway company, who contracted to finish the work within a specified time, and under the contract terms were permitted extensions for delay and other hindrances. The construction company has more than 300 workers on the job.

Chattanooga, Tenn., January 17.—(P)—Harry C. Neilson, veteran railroad conductor, heard his middle-aged admitted paramour tell in open court here today how he had confessed to her that he killed his 61-year-old wife, cut up her body and stuffed it into a furnace, where it was cremated.

Mrs. Neilson, member of a prominent family, disappeared last March and efforts of relatives to trace her whereabouts had been unsuccessful. It was "sometime" during the month, Mrs. Frances Williams, declared at the conductor's preliminary hearing on a charge of murder, that he came to their "love nest" here and told her of the crime.

Recital of his agitated midnight visit to their room startled officials and spectators in the court room. "Harry came late and I let him in," the woman, a widow, related in even tones. "He seemed excited, and he wouldn't tell me what was the matter. He was dirty and sweat was pouring down his face. He went in

the bathroom and stayed there a long time. I begged him when he came out to tell me. He went to bed and I put cold towels on his face and he finally told me.

"He said he had killed Kate and cut up the body and burned it in the furnace and that he wished he had killed her long ago."

Neilson remains calm. Neilson heard her testimony calmly from a seat beside his counsel, showing no sign of emotion as he regarded her tall, immaculately clad figure intently. He did not testify and had no comment to make after the proceedings.

The conductor was held without bond on charges of murder and perjury, while Mrs. Williams was taken to jail in default of \$2,000 bail on a charge of being an accessory to perjury in connection with Neilson's recent unsuccessful suit for divorce.

The conductor's arraignment today, following his arrest last week in Meridian, Miss., was a sequel to his divorce action which was instituted shortly after Mrs. Neilson's disappearance. In it he charged Mrs. Neilson eloped with a childhood sweetheart.
